Office of Nuclear Reactor Regulations  
Attn: John F. Stolz  
Operating Reactors Branch No. 4  
U. S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Sir:

Three Mile Island Nuclear Station, Unit 1 (TMI-1)  
Operating License No. DPR-50  
Docket No. 50-289  
NRC Draft SER, Fire Protection

We have reviewed your draft safety evaluation dated January 14, 1983 of our Appendix R to 10 CFR 50 exemption requests. In accordance with your letter, we request a meeting to clarify with the NRC staff, the TMI-1 plant features relative to the areas where exemption requests have been denied. The specifics (i.e. time, place, date and list of attendees) of the meeting will be coordinated with our project manager.

Sincerely,

  
D. Hukill  
Director, TMI-1
