Docket No. 50-317

Mr. A. E. Lundvall, Jr.
Vice President - Supply
Baltimore Gas & Electric Company
P. O. Box 1475
Baltimore, Maryland 21203

Dear Mr. Lundvall:

SUBJECT: AUDIT OF PROCEDURES AND TRAINING FOR PRESSURIZED THERMAL SHOCK
CALVERT CLIFFS UNIT NO. 1.

We have reviewed your November 15, 1982 response to the NRC audit of procedures and training for pressurized thermal shock (PTS) that was conducted July 6-8, 1982 at Calvert Cliffs Unit No. 1. This audit was conducted to assure the NRC staff that the plant operators had sufficient knowledge of PTS concerns and mitigative actions to deal with a PTS event should one occur.

Based on our review, we conclude that you have met the objectives of the PTS audit and no further action will be required based on that audit.

Sincerely,

Original signed by:

Robert A. Clark, Chief
Operating Reactors Branch #3
Division of Licensing
