Gentlemen:

We have received your letter dated March 20, 1991, which transmitted Revision 28 to the Wolf Creek Generating Station Radiological Emergency Response Plan. This revision was for the purpose of reverting back to previously approved wording for the Notice of Unusual Event Classification for an explosion in a vital area. This change was the subject of our letter dated March 15, 1991.

We will be reviewing your process for making emergency plan changes during a future inspection. Thank you for your prompt attention in this matter.

If you have any further questions or comments, please contact Dr. D. Blair Spitzberg at (817) 860-8191.

Sincerely,

T. P. Gwynn for
