SUBJECT: "CHERNOBYL BRIEFING BOOK" PREPARED BY U.S. COUNCIL FOR ENERGY  
AWARENESS

Attached for your information are "fact sheets" relating to impact of the Chernobyl accident on Soviet actions relating to nuclear safety. This material has been sent to several thousand addressees primarily in the news media. Pages 18 to 22 include brief synopses of the 11 JCCCNRS working groups. These pages were prepared by the staff of Council from the documentation in the Public Document Room.
