Dear Mr. Norderhaug:

Enclosed, for your files, are five copies of the latest revision to General Atomics' (GA's) FIXED SITE AND TRANSPORTATION PLAN FOR THE PROTECTION OF SPECIAL NUCLEAR MATERIAL OF MODERATE AND LOW STRATEGIC SIGNIFICANCE, revised August, 1993. For your convenience, a summary of the changes has been included as an attachment to this letter. The document itself is marked with change bars in the margins for those areas where changes were made. GA has concluded that the revisions do not decrease the effectiveness of the plan and has made the changes pursuant to 10 CFR 70.72(e).

If you have any questions regarding any facet of this plan, please don't hesitate to contact myself at (619) 455-2823, or Mr. Brian Laney at (619) 455-4369.

Very truly yours,

*Keith E. Asmussen*

**Subject:** Response to NRC Comments on GA's Revised Physical Protection Plan  
dated August 1993

**Reference:** Asmussen, Keith E. Letter No. 696-2131 to Mr. Leroy Norderhaug, dated  
October 12, 1993, which transmitted GA's "Fixed Site and Transportation Plan  
for the Protection of Special Nuclear Material of Moderate and Low Strategic  
Significance," Revised August 1993

Dear Mr. Norderhaug:

Pursuant to our recent telephone conversations regarding your comments on the referenced plan, enclosed are five (5) copies of five (5) revised pages which incorporate your comments. Since all of your comments involved text that was previously (Ref) identified as being revised by change bars in the margin, changes made to the revised text to incorporate your comments are indicated by double change bars. These revisions do not decrease the effectiveness of the plan and have been made pursuant to 10 CFR 70.72(e). Please discard the revised pages ix, I 1-2, I 2-3, II 1-3, and II 6-2 received via the referenced letter, and replace them with the enclosed pages (the latest replacement pages are distinguished by having at least one double bar in the margin).

If you have any questions regarding this matter, please do not hesitate to contact me, or Mr. Brian Laney, at (619) 455-2823 or (619) 455-4369, respectively.

Very truly yours,

Dr. Keith E. Asmussen, Director  
Licensing, Safety and Nuclear Compliance
