Re: In The Matter of Commonwealth Edison
Company, Byron Station, Units 1 & 2
Docket Nos. 50-454 and 50-455

Dear Diane:

In the course of this proceeding, you have received copies of Volume 1 and Volume 6 of the Illinois Plan for Radiological Accidents (IPRA). These copies have been provided as an accommodation for your review in the preparation for litigation of the emergency planning contentions. This letter is to put you on notice that the copies you have received are not to be disseminated in any form as they are property of the State of Illinois. The copies you have received must be returned upon completion of the proceedings. Further, any and all copies made from the copies you have received must also be returned or destroyed.

These volumes are subject to ongoing revision and we have been informed by the State that their general dissemination could be detrimental to the purpose for which they are intended. In compliance with their wishes you are being served with this notice.

Very truly yours,

Alan P. Bielawski
One of the Attorneys for
Commonwealth Edison Company
