Dear Sir:

By our letter of April 29, 1982, we responded to Violation A cited in IE Inspection Report 50-269, -270, -287/82-09, and stated that computer alarms and statalarms would be modified to include Group 8 position limits by September 15, 1982 for all units. Due to delays, the modification will be implemented by January 14, 1983. We will inform you if further delays arise to change this completion date.

Very truly yours,

H. B. Tucker / *HT*
