Little Rock, Arkansas 72203

Gentlemen:

SUBJECT: DISTRIBUTION OF EMERGENCY INSTRUCTIONS TO TRANSIENT POPULATION

This letter is in response to your letter, dated December 10, 1982, OCAN128204, on the above subject. In your letter you discussed the distribution of emergency information to the transient population of the ANO EPZ.

There was a question raised by C. Hackney of this office as to the meaning or intent of making available the instruction pamphlets to the public. On January 4, 1983, Mr. Hackney discussed in more detail the intent of AP&L with Mr. John Marshall and Mr. Dale James.

It is our understanding that the material will be supplied by AP&L to ANP&RP, and the state will distribute the material according to their written procedures. If our understanding is not correct, please inform this office.

It appears that your actions on this matter are adequate; however, we will review the procedures and distribution list in the course of a future inspection.

If you have any questions, please contact this office.

Sincerely,

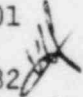

W. C. Seidle, Chief  
Reactor Project Branch 2
