Re: License #1401

Stipulation #24
#25
#28

Dear Mr. Linehan:

Enclosed please find ten (10) copies of the "as built" construction report and data as required in the above mentioned stipulations.

They have been sent under separate cover in order that they meet the six (6) month time schedule of stipulation #28. Our quarterly/annual report will be forth coming separately.

I would also like to request the Upper Control Limits that Mr. Fred Ross and Ms. Young have been working up. We have yet to receive them and we are ready to inject our first chemicals. If we could get those then our monitoring program would be complete.

Should you or your staff have any questions on this report please contact me personally. I hope to see you on your spring visitation.

Sincerely,
