Docket Nos. 50-266  
and 50-301

Mr. C. W. Fay  
Vice President-Nuclear Power  
Wisconsin Electric Power Company  
231 West Michigan Street  
Milwaukee, Wisconsin 53201

Dear Mr. Fay:

By letter dated January 14, 1983 we transmitted our draft Safety Evaluation reviewing your Appendix R exemption requests for the Point Beach Nuclear Plant Units 1 and 2. In our letter we described several options open to you to resolve those items resulting in the staff's recommendations to deny certain of your exemption requests.

By letter dated February 7, 1983 you responded to our draft Safety Evaluation and requested a meeting to review the technical information on the docket. You indicated that, based on the results of that meeting, you might appeal certain of our recommendations to deny your exemption requests. You further indicated that more detailed comments were being prepared and that said comments would be transmitted in about two weeks.

By telephone conversation with members of your staff, we have learned that your comments will be extensive (over 100 pages). When your comments are complete, we request that you submit them by Express Mail or other rapid transit so that we may review your comments in preparation for an early meeting to review the technical information. We will contact you promptly after receiving your comments to establish a schedule and agenda for the meeting.

Sincerely,

Original signed by:
