Dear Mr. Griffin:

The TMI Action Item II.B.2.2 required plant modifications and a design review of plant shielding requirements for access to vital areas. We have now completed our review of the Arkansas Nuclear One, Units 1 and 2 shielding for vital area access and our Safety Evaluation is enclosed. We have concluded that the modifications that were required have been completed and are acceptable. This completes our review of the TMI Action Item II.B.2.2 for your facilities.

Sincerely,

Original signed by  
Robert A. Clark
