OFFICE OF INSPECTION AND ENFORCEMENT
NOTIFICATION OF SIGNIFICANT ENFORCEMENT ACTION

Licensee: Consumers Power Company
Docket No. 50-255 (DPR-20)
Palisades Nuclear Power Facility

Subject: MODIFICATION OF ORDER

This is to inform the Commission that on April 21, 1982 the Region III Administrator modified an Order issued to Consumers Power on March 9, 1981. As provided by the March 9, 1981 Order the Region III Administrator may relax or terminate any of the conditions of the Order for good cause shown.

Condition B of the Order defined requirements to limit the overtime of licensed operators. The restriction was provided to prevent excessive overtime during the implementation of corrective actions. Since the issuance of the Order the licensee has substantially implemented its actions to improve control over operation of the Palisades facility. Therefore condition B is being relaxed to allow licensed operators to work overtime in accordance with the limits prescribed in the Commission's general policy on nuclear power plant staff working hours (46 Fed. Reg. 7352).
