Attention: Document Control Desk

Reference: Facility Operating License No. NPF-86, Docket No. 50-443

Subject: Seabrook Station Emergency Response Manual Revision 72 and Radiological Emergency
Plan Revision 16

Gentlemen:

Enclosed please find Revision 72 to the Seabrook Station Emergency Response Manual (SSER) and Revision 16 to the Seabrook Station Radiological Emergency Plan (SSREP). The revisions were reviewed per the criteria of 10 CFR 50.54(q) and it was determined that they do not decrease the effectiveness of the Seabrook Station Radiological Emergency Plan (SSREP). The SSREP continues to meet the standards of 10 CFR 50.47(b) and 10 CFR 50, Appendix E. These changes are submitted per the requirements of 10 CFR 50, Appendix E, and 10 CFR 50.4. The Resident Inspector copies are provided directly through the North Atlantic records management system.

Should you have any questions regarding the enclosed SSER and SSREP revisions, please call Mr. Anthony M. Callendrello, Licensing Manager at (603) 474-9521, extension 2751.

Very truly yours,

Ted C. Feigenbaum
