OFFICE OF ENFORCEMENT
NOTIFICATION OF SIGNIFICANT ENFORCEMENT ACTION

Licensee: The Curators of the University of Missouri (EA 94-113);
Columbia, Missouri
Docket No. 030-02278

Subject: CONFIRMATORY ORDER MODIFYING LICENSE (EFFECTIVE IMMEDIATELY)

This is to inform the Commission that a Confirmatory Order Modifying License (Effective Immediately) will be issued on or about July 13, 1994 to the Curators of the University of Missouri (Licensee), Columbia, Missouri. This action is based on numerous violations that were identified during an NRC inspection from January 24 through 28, 1994, and which indicated that: (1) the radiation safety staff and radioactive material users had insufficient knowledge of license conditions and NRC requirements and an inadequate sense of accountability regarding compliance with radiation safety requirements, and (2) Licensee management was ineffective in completing self-assessments that assured safe program implementation.

The confirmatory order provides for a Safety Performance Improvement Program which would result in: (1) a complete and thorough evaluation of the radiation safety practices and program to determine the Licensee's compliance with NRC requirements; (2) a compilation of radiation safety deficiencies from that effort; (3) a complete root cause analysis of those deficiencies; and (4) a description of corrective actions to accomplish the improvements necessary for lasting correction of the deficiencies.

The schedule of issuance and notification is:

Mailing of Notice	July 13, 1994
Telephone Notification of Licensee	July 13, 1994

The State of Missouri will be notified.

The licensee has thirty days from the date of the Notice in which to respond. Following NRC evaluation of the response, the civil penalty may be remitted, mitigated, or imposed by Order.
