Gentlemen:

SUBJECT: NRC INSPECTION REPORT NO. 23-01544-16/94-01

As a result of the inspection conducted on June 30, 1994, an NRC Form-591 SAFETY INSPECTION was issued for your NRC license. On that form Mr. J. Diaz, from our office, documented Item 4.B ("Failure to include RQ, Class, Emergency response telephone number in the shipping papers used for transportation purposes as required by 49 CFR 172.200-204") as a violation not being cited. After management review item 4.B was determined to be a violation to be cited. The enclosed forms reflect the update on our files. Please (discard the previous NRC Form-591 that was handed to you on June 30, 1994, or mark them as superceded) acknowledge receipt of this form by signing and dating the appropriate space on all copies. You are requested to retain the original and return four signed and dated copies to this office within ten days.

Thank you for the cooperation extended to my staff during the inspection.

Sincerely,

Original Signed By
D. M. Collins
