Attention: Mr. R. J. Rodriguez

Gentlemen:

The upgraded Emergency Plan for your facility and subsequent revisions, through No. 13, to that plant were reviewed by the Emergency Preparedness Branch, Division of Emergency Preparedness and Engineering Response, Office of Inspection and Enforcement. The results of this review indicate that certain deficiencies exist in your Emergency Plan. These are discussed in the enclosed "Emergency Evaluation Report."

With regard to the Emergency Plan Evaluation Report, you are requested to provide to this office within 30 days of the date of this letter, page changes to the Emergency Plan correcting each deficiency, or provide written justification as to why you believe a revision should not be made.
