Re: Quarterly Report  
License # 1401  
Docket # 40-8783

Dear Mr. Linehan:

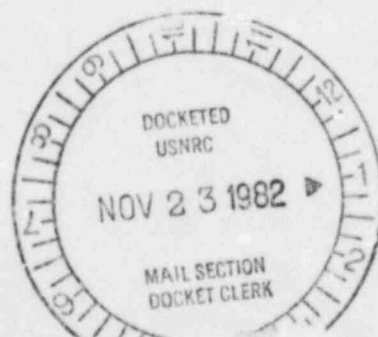

Enclosed are ten (10 ) copies of Uranerz's Third Quarterly Report for 1982. The format is the same as before, it follows the license document and stipulations. I have included all of the data that has been submitted to your staff for review as we discussed on the phone. It will allow Ms. Yvonne Young to have all of the pre-operational data available in one text.

The facility is completed waiting for the approval of the UCL and well integrity test data. Once the written approval has been received UUS will be able to start production.

Should you or your staff have any questions, please feel free to contact me personally.

Sincerely,

K. Gary Somerville  
Environmental, Radiation
