Re: Security Plan Revision 7 - Docket No's 50-454 and 50-4545

Dear Mr. Denton:

Enclosed are five (5) corrected copies of pages 1-5 and 4-2 of Revision 7 to the Modified Amended Security Plan for Byron Station. Due to an administrative error the last sentence of paragraph 1.45 was inadvertently omitted, and a second paragraph to Section 4.1.3 was added. The enclosures correct these errors.

These pages contain Safeguards Information and should be withheld from public disclosure pursuant to title 10 CFR 73.21.

To the best of my knowledge and belief, the statements contained herein and in the enclosures are true and correct. In some respects these statements are not based upon my personal knowledge but upon information furnished by other Commonwealth Edison and contractor employees. Such information has been reviewed in accordance with Company practice and I believe it to be reliable.

Sincerely,

*T.R. Truman*
