Dear Mr. Tucker:

Subject: Reactor Trip Breaker Test Appeal Meeting

On January 26, 1983, members of the NRC staff met with representatives of Westinghouse Electric Corporation and a number of utilities that presently have Westinghouse-designed plants in the licensing process. The purpose of this meeting was to provide an opportunity for Westinghouse to appeal the staff position on reactor-trip breaker testing.

By letter dated February 2, 1983, the staff informed Mr. E. P. Rahe of Westinghouse that the staff's position on the breaker testing issue is unchanged. The purpose of this letter is to formally notify you of this decision. Enclosed for your information is a copy of the February 2, 1983 letter.

If you should need any additional information, please contact the NRC staff project manager, Kahtan Jabbour, at (301) 492-7800.

Sincerely,

E
Elinor G. Adensam, Chief
