Gentlemen:

This refers to the inspection conducted by Messrs. J. P. Jaudon and M. E. Murphy of our staff during the period January 24-28, 1983, of activities authorized by NRC Facility Operating License DPR-40 for the Fort Calhoun Station, and to the discussion of our findings with you and members of your staff at the conclusion of the inspection.

Areas examined during the inspection and our findings are discussed in the enclosed inspection report. Within these areas, the inspection consisted of selective examination of procedures and representative records, interviews with personnel, and observations by the inspectors.

Within the scope of the inspection, no violations or deviations were identified.

One new unresolved item is discussed in paragraph 3 of the enclosed report.

We have also examined actions you have taken with regard to previously identified inspection findings. The status of these items is identified in paragraph 2 of the enclosed report.

In accordance with 10 CFR 2.790(a), a copy of this letter and the enclosure will be placed in the NRC Public Document Room unless you notify this office, by telephone, within 10 days of the date of this letter, and submit written application to withhold information contained therein within 30 days of the date of this letter. Such application must be consistent with the requirements of 2.790(b)(1).
