Re: Health Physics Manual - License STA 583

Dear Mr. Nixon:

Please find attached a revised Page 8 of the Kerr-McGee Radiological Health Program Plan for the Kerr-McGee Chemical Corporation, West Chicago, Illinois facility. This page replaces the previous page submitted to you on January 3, 1983.

This revision is necessary since the January 3 page was prepared from outdated Chem-Nuclear Systems, Inc. material which has been changed. This revision was inadvertently omitted.

If you have any questions, please contact me.

Very truly yours,

W. J. Shelley, Vice President
Nuclear Licensing & Regulation
