Subject: INDIAN POINT

We have been informed that the Rockland County Legislature has passed the following resolutions:

One resolution prohibits County officers from participating in the March 9, 1983 Indian Point exercise. County officers are to observe the exercise.

The second resolution requests the Governor of New York State to order the Indian Point reactors to be shut down.

New York State plans to participate in the March 9 exercise and will exercise compensatory measures necessary because of Rockland County's nonparticipation.
