

Verification

I have assisted in preparing the Joint Intervenors' responses to Pacific Gas and Electric Company's First Set of Interrogatories, filed in the reopened proceeding regarding design quality assurance. Said responses are true and correct to the best of my knowledge.

JOINT INTERVENORS' RESPONSE TO  
PACIFIC GAS AND ELECTRIC COMPANY'S  
FIRST SET OF INTERROGATORIES

Joint Intervenors hereby respond to Pacific Gas and Electric Company's ("Applicant") June 10, 1983 First Set of Interrogatories to Joint Intervenors, as follows:

Response to Interrogatory No. 1:

Joint Intervenors object to this interrogatory on the grounds that it is overly broad, burdensome and oppressive, and not reasonably calculated to lead to the discovery of relevant or admissible evidence, and it calls for privileged information (e.g., attorney work product; informant). In addition, the information requested is fully available to the Applicant at any time since the subject employees are employed by the Applicant or its contractors. Thus, the requested information can be obtained simply by asking the employees themselves.
