Dear Mr. Ellis:

I am responding to your August 5, 1994, letter regarding proposed revisions to the Sequoyah Fuels Corporation (SFC) Contingency Plan under license SUB-1010 [Docket No. 40-8027]. You stated in the letter your intent to implement the proposed revisions effective August 22, 1994. As we discussed by telephone today, the Nuclear Regulatory Commission staff has not yet completed its review of the proposed revisions and supporting technical analysis. Therefore, we request that you defer implementing the changes to the SFC Contingency Plan until after we have completed our review and provided our response in writing. If you have any questions, please contact me at (301) 415-6708 or Mr. James Shepherd, NRC Project Manager, at (301) 415-6712.

Sincerely,
