Dear Dr. Dueno:

SUBJECT: LETTER OF APPRECIATION FOR ASSISTANCE TO NRC INSPECTORS

For several years, the staff of your Radiological Health Program has given us assistance towards performing inspections of our licensees in Puerto Rico. On many occasions, they have provided an invaluable translation service and guidance in finding remote licensee locations. This has been greatly appreciated by me and the Region inspection staff, and we would like to extend our sincere thanks to Mr. David Saldana and his staff.

Once again, many thanks to a staff of very professional people.

Sincerely,

James P. O'Reilly
Regional Administrator
