Mr. Richard Rawl, Chief
Department of Transportation
Radioactive Materials Branch
Office of Hazardous Materials
Regulation
Materials Transportation Bureau
Washington, D.C. 20590

Dear Sir:

Gulf Nuclear, Inc. wishes to apply for an IAEA Certificate of Competent Authority for our GNG-20 source shield. This shield has just recently been approved as a Type B (U) Package (1973 Revised Edition, as amended) by the NRC. The container will be used to transport a Model AmBe 71-2A source, Certificate Number USA/0149/S (Revision 1).

If more information is needed, please notify me.

Respectfully,

C.P. Hopcraft,
Vice President
