SUBJECT: CHANGES TO THE FORT CALHOUN RADIOLOGICAL EMERGENCY RESPONSE PLAN

We have received your letters dated June 23 and July 12, 1994, which transmitted changes to the Fort Calhoun Station Radiological Emergency Response Plan. The plan revisions were submitted pursuant to 10 CFR 50.54(q) and incorporated the following changes: (1) NUREG title corrections, (2) minor changes to classification process wording, (3) emergency action level review changes (added requirement for States to review annually), and (4) editorial changes.

We have reviewed the revisions and have determined that the changes are acceptable and do not appear to degrade the effectiveness of your emergency planning at Fort Calhoun Station.

Should you have any questions concerning this letter, please contact Ms. Gail M. Good at (510) 975-0240.

Sincerely,

Samuel J. Collins, Director
Division of Radiation Safety
and Safeguards
