Gentlemen:

SUBJECT: INSPECTION REPORT NOS. 50-413/94-15 AND 50-414/94-15

Thank you for your response of August 12, 1994, to our Notice of Violation issued on July 8, 1994, concerning activities conducted at your Catawba facility. We have evaluated your response and noted your statement that additional time was needed due to the nature and number of examples cited in the Notice of Violation. The delay in responding was initially brought to the attention of the Catawba Senior Resident Inspector several days after the response was due. In this case, the delay is considered justified. However, in the future, such delays must be discussed with Region II prior to the due date of the response. We will examine the implementation of your corrective actions during future inspections.

We appreciate your cooperation in this matter.

Sincerely,

/s/

Pierce H. Skinner, Acting Chief
Reactor Projects Branch 3
Division of Reactor Projects
