Dear Mr. ^{ROSS}Scarano:

I would like to have a representative of the Nuclear Regulatory Commission come to Oregon's Emergency Operations Center during our annual Trojan exercise this fall. The date is September 24-25.

One of our exercise objectives this year is to demonstrate the ability to call on the federal government for assistance. Having the NRC on hand would help us meet that objective.

I would appreciate knowing in advance of the exercise if the NRC will be able to send a representative.

Sincerely,

David A. Stewart-Smith, Administrator
Nuclear Safety & Energy Facilities Division
