Dear Mr. Mills:

On behalf of the U. S. Nuclear Regulatory Commission staff, I would like to express our appreciation for the administrative support you provided for the recent public meeting we held in Elma, Washington.

The facilities you provided for the meeting made it possible for all those in attendance who wished to speak to the staff to do so. Since the purpose of the meeting was to provide the public direct access to the staff, it was a successful effort. The concerns identified by members of the public will be made part of the official record of the WNP-3 proceedings.

Your support has helped to ensure that the environmental impact statement for WNP-3 will provide an accurate assessment of the effects of the project on the local environment. The interests of the public have been better served by your participation in this effort.

Sincerely,

Original signed by:
Annette Vietti
