Dear Sir,

Re: License No. 34-00852-03  
Docket No. 030-7510

Per your conversation with our R.S.O. yesterday, we are amending our response dated 8-22-94 as follows:

Item No. I

The patients on the Cobalt-60 teletherapy machine will not be treated without a specific signed and dated written directive. Technologists have been instructed on June 28, 1994 to ensure that such a specific signed and dated written directive is in the radiation therapy chart prior to administration of radiation dose to the patient. The date of compliance is June 28, 1994.

Item No. II

Response: Same as in our letter dated 8-22-94. The date of compliance is 8-29-94.

We haven't treated any patients on the Cobalt-60 teletherapy machine since your inspection.

If you need any additional information, please call me or our R.S.O. at (513) 390-5031.

Thank you.

Sincerely,

*Ganesh Potdar*
