

Docket Nos. 70-712
40-1478

APR 02 1991

Keer-McGee Corporation
ATTN: Mr. E. T. Still
Vice President and Director
Environmental and Health
Management Division
P.O. Box 25861
Oklahoma City, Oklahoma 73125

Dear Mr. Still:

Enclosed for your information is a report prepared by the Nuclear Regulatory Commission's contractor, Oak Ridge Associated Universities (ORAU), dated January 24, 1991, and entitled "Comments on Radiological Characterization Activities, Former Kerr-McGee Facility, Cushing, Oklahoma." This report is ORAU's assessment of radiological decontamination activities at the Cushing site during their visit from November 27 to November 29, 1990.

We are currently reviewing the report and the status of the decommissioning program at the Cushing site. We will likely be in contact to inform you of the results of that review in the future. In the meantime, if you would like to discuss the contents of this report, please call me at (301) 492-3340 or Mr. Tony Huffert of my staff at (301) 492-0529.

Sincerely,
(SIGNED) RICHARD L. BANGART
Richard L. Bangart, Director
Division of Low-Level Waste Management
and Decommissioning
Office of Nuclear Material Safety
and Safeguards

Enclosure: As stated
cc: Sam Becker, EPA R6
William Kemp, OK DOH
