Dear Mr. Pender:

Your Quality Assurance (QA) Program Approval for Radioactive Material Packages No. 0339 expires on November 30, 1994.

If you are an NRC licensee and conduct activities under the General Licenses of Subpart C of 10 CFR Part 71, or if you are an Agreement State licensee subject to the requirements of 10 CFR Part 71, you are required by 10 CFR § 150.20 to hold a QA program approved by the Commission as satisfying the provisions of Subpart H of 10 CFR Part 71. You should request renewal of your QA program at least 30 days prior to the expiration date. This will provide for continuation of your QA program to satisfy some of the provisions of Subpart C of 10 CFR Part 71 until a final determination has been taken on your application.

Unless an exemption is provided in accordance with 10 CFR § 170.11, an application fee of \$280.00, required by 10 CFR § 170.31, should also be included with your request for renewal. If you do not desire to renew your QA program, please let me know.

Sincerely,

Original Signed by
