Re: Approval No.: 0607
Docket No.: 71-0607

Morrison Knudsen Corporation would like to terminate the above referenced Program approval which registered our 10 CFR Part 71 Quality Assurance Program for shipment of type B packages.

All packages that were utilized under this program have been returned to the manufacturer back in 1988.

Please contact me at (208) 389-4892 if you should require additional information or send correspondance to me at: MK Rail Corporation, 4600 Apple St, Boise, Idaho, 83705.
