Subject : Steam Generator Tube Integrity Presentation Material for North Anna
Unit 1

Dear Mr. Richardson:

Enclosed is one copy of presentation materials entitled "North Anna Unit 1
Steam Generator Tube Integrity Evaluation" (Proprietary) which is to be used at
the February 26, 1991 meeting between the Virginia Electric and Power Company,
Westinghouse, and the NRC.

The enclosed information contains information which is proprietary to
Westinghouse Electric Corporation. Accordingly, we request that this
information be withheld from public disclosure.

We will comply with the requirements of 10 CFR 2.790 to provide proprietary and
non-proprietary versions of the above material together with an affidavit as
soon as the proprietary information contained in the submittal has been
specifically identified and the proprietary and non-proprietary versions have
been prepared. We will submit the total required number of copies of the
proprietary and non-proprietary versions of the information and the required
affidavit at that time.

In the meantime, we have provided sufficient copies for your information and
use. Mr. M. P. Siemien, Esq., of the NRC Office of the General Counsel, has
advised Westinghouse that he concurs with this procedure.

We expect to be able to fully comply with the requirements for the proprietary
and non-proprietary versions of the information and an accompanying affidavit
within four weeks.

Very truly yours,

W. J. Johnson, Manager
Nuclear Safety Department
