

OCT - 4 1994

Mr. J. W. Luna, Commissioner
Department of Environment and Conservation
L & C Tower, 21st Floor
Nashville, TN 37243-0435

Dear Mr. Luna:

This will acknowledge receipt of your letter dated August 25, 1994 in response to our comments following the February 1994 review of your radiation control program.

We recognize the actions that you and your staff are implementing with regard to our recommendations and comments. We note that you indicate in your response that inspection frequency of the medical afterloader device users has been revised, the license conditions for device users and nuclear pharmacies have been revised, and that additional attention will be given to the field inspections of licensees working under reciprocity. We will evaluate the effectiveness of the State's action at the time of our next program review.

I appreciate your support of the radiation control program and look forward to working with you in the future.

Sincerely,

Original Signed By

Dear Mr. Luna:

This will acknowledge receipt of your letter dated August 25, 1994 in response to our comments following the February 1994 review of your Radiation Control Program.

We appreciate the positive actions that you and your staff are implementing with regard to our comments. In particular, we are pleased to learn that the inspection frequency of the medical afterloader device users has been revised, the license conditions for device users and nuclear pharmacies have been revised, and that additional attention will be given to the field inspections of licensees working under reciprocity.

I appreciate your support of the Radiation Control Program and look forward to working with you in the future.

Sincerely,

Richard L. Bangart, Director
 Office of State Programs
