Subject: IMPOSITION OF CIVIL PENALTY - \$8,571.43

By EN 90-89 dated October 5, 1990, the Commission was notified of the intent of OE to issue a Notice of Violation and Proposed Imposition of Civil Penalty in the amount of \$10,000. This action was based on seven violations that, when considered in the aggregate, were judged to be indicative of a breakdown in control of the licensed program. These violations were classified as a Severity level III problem.

The licensee responded to the Notice in letters dated December 21, 1990 and March 29, 1991. After careful consideration of the licensee's responses, the staff has concluded that six of the seven violations did occur. The original proposed civil penalty has been reduced by 1/7 because the licensee submitted additional information to show that one violation should be withdrawn.

Accordingly, an Order Imposing Civil Penalty in the amount of \$8,571.43 has been issued today. Under the terms of the Order, the licensee may within 30 days of the date of the Order, pay the civil penalty or request a hearing.
