SUBJECT: FY95 EXPENSES

Dear Mr. Hunter:

This is in reference to your letter dated September 7, 1994, requesting an estimate of FY95 billing by the Nuclear Regulatory Commission. We regret that we cannot provide estimates to license applicants since we cannot foresee the extent of staff effort that will be necessary to complete a review of an application.

We are willing to meet with you to discuss our licensing process. This may help provide the information you require for future budget considerations.

Mr. Amar Datta of my staff is the assigned Project Manager for your facility. Should you require additional information or wish to schedule a meeting, please contact him at (301) 415-8109.

Sincerely,
