SEP 27 1963

United States Radium Corporation
P. O. Box 246
Morristown, New Jersey

Attention: Mr. H. H. Dooley

Gentlemen:

Your letter of August 7, 1963, signed by Mr. H. H. Dooley apparently proposes the transfer of specifically licensed tritium to a general license status in the manner of Condition 16 of License No. CL 122. The following will be necessary in support of your request:

1. A description and the results of prototype tests conducted in accordance with Section 30.24(j)(1)(v), of 10 CFR 30. If previously submitted information is applicable, you should refer to such information by date, document title, control number, etc.
2. A description of your quality control procedures applicable to these sources in accordance with Section 30.24(j)(2)(ii) of 10 CFR 30.
3. A facsimile or description of the leaflet to be distributed as proposed in the third paragraph of your letter of August 7, 1963, and specification of the manner of its distribution so as to guarantee effective communication with the affected persons.
4. Specification of the maximum amount of tritium, in millicuries, per source.

Very truly yours,

William O. Miller
Isotopes Branch
Division of Licensing
and Regulation
