Docket No. 50-546
Docket No. 50-547

Public Service of Indiana
ATTN: Mr. S. W. Shields
Senior Vice President
Nuclear Division
Post Office Box 190
New Washington, IN 47162

Gentlemen:

REFERENCE: Confirmatory Action Letter, James G. Keppler to S. W. Shields,
February 2, 1983; S. W. Shields' Letter to James G. Keppler,
April 8, 1983

Your letter, referenced above, stated that you had met the prerequisites outlined in the referenced Confirmatory Action Letter (CAL) and requested a partial release with respect to electrical cable tray hanger installation.

Based upon our inspections conducted through April 15, 1983, we have found that except in the area of Commonwealth Lord-Joint Venture (CL-JV) craftsman training (CAL Item 5), your program addressing CAL Items 2 through 6 is adequate for this partial resumption of electrical work. Based upon the April 14, 1983, telephone conversation between you and your staff, NRC inspectors and Messrs. R. C. Knop and W. S. Little of the Region III office, we understand that you will verify that CL-JV crafts are trained before performing activities under the CL-JV procedures. We will verify that the craftsman training has been completed before we concur in the partial resumption of work.

Please let us know when the craftsman training is complete. If you have any further questions please contact us.

Sincerely,

James G. Keppler
