DOCKET 50-255 - LICENSE DPR-20 -
PALISADES PLANT - SUBMITTAL OF CE-NPSD-154 "NATURAL CIRCULATION COOLDOWN"

Consumers Power Company letter dated November 16, 1981 provided our response to NRC Generic Letter 81-21 on Natural Circulation Cooldown. In our letter, we referenced a Combustion Engineering report as CEN-154. The referenced report should have been CE-NPSD-154. Since this report was not submitted directly by Combustion Engineering, Consumers Power Company is submitting this report on the Palisades Docket by way of this letter. In an effort to expedite the submittal, 6 copies of the report are provided for your use and information.
