RE: Export License Application - Safari-1 Research Reactor
(Republic of South Africa): Revised Application

Dear Mr. Hauber:

On July 12, 1991 GAMMA-METRICS submitted an application for an export license for Special Nuclear Material and components for the Safari-1 Research Reactor in the Republic of South Africa.

Enclosed is our revised application for a license to export only neutron flux monitoring and control components. The Special Nuclear Material in the fission chamber detectors will be exported under a General License per 10CFR110.21(a)(3).

All other information in the July 12 letter and its attachments is unchanged.

Thank you for your efforts in reviewing this application. Please contact me if you need additional information.

Sincerely,

GAMMA-METRICS
