Gentlemen:

SUBJECT: CONFIRMATORY ORDER MODIFYING LICENSE

This refers to your letter dated August 20, 1994, notifying the NRC that you planned to reinstate Mr. Carl Chappell to a position in your Nuclear Medicine Service on September 12, 1994. This notification was required by the Confirmatory Order Modifying License issued by the NRC on September 13, 1993. It also refers to your letter dated September 7, 1994, specifying the orientation program Mr. Chappell will receive prior to resuming licensed activities and the degree of oversight you will provide to ensure that Mr. Chappell complies with NRC requirements when he returns to licensed activities.

We have reviewed your proposed action plan for retraining Mr. Chappell and providing oversight of licensed activities and find it acceptable.

We will followup on the implementation of your plan during future inspections.

Sincerely,

Original Signed By
