September 14, 1994

Dear Resident:

This letter is to inform you that the revised RCRA Facility Investigation Proposal (RFI) has been submitted by Engelhard to the U.S. Environmental Protection Agency (EPA) and is available for public review. The RFI has been modified to incorporate EPA's comments presented in their July 11, 1994 letter.

In addition, radiological health and safety plans and an interior radiological characterization survey report have been submitted to the U.S. Nuclear Regulatory Commission and are also available for public review. Copies of the following documents have been placed in the information repositories specified in the Public Involvement Plan:

- 1) RCRA Facility Investigation (RFI, Proposal, Engelhard Corporation, Plainville, Massachusetts.
- 2) Radiological Health and Safety Plan for Building Interior Decontamination at the Engelhard Corporation Site at Plainville, Massachusetts.
- 3) Radiological Health and Safety Plan for Radiological Exterior Characterization Survey at the Engelhard Corporation Site at Plainville, Massachusetts.
- 4) Radiological Characterization Survey of the Interior of Engelhard Corporation Site at Plainville, Massachusetts.

The local information repository is located at the Plainville Public Library, at 198 South Street. Other information repositories are maintained in Boston at the DEP and EPA offices. Appointments to review DEP or EPA copies can be made by calling either:
