Gentlemen:

In accordance with your application dated July 18, 1983 and pursuant to Title 10, Code of Federal Regulations, Part 70, Materials License No. SNM-1227 is hereby amended to authorize construction and operation of the Uranium Recovery Demonstration Facility. Accordingly, Condition 9 is amended to include the date of July 18, 1983. This authorization is subject to the following condition:

SNM currently stored in the lagoon system shall not be removed from the lagoon material balance area until the licensee has submitted a description of their material control and accounting procedures to the NRC and has received NRC approval.

All other conditions of this license shall remain the same.

The above condition was discussed and agreed to by your Mr. Malody and Mr. Bidinger of my staff.

Enclosed for your information is a copy of our safety evaluation report.
