

May 1, 1991

Docket Nos. 50-266
and 50-301

Mr. C. W. Fay, Vice President
Nuclear Power Department
Wisconsin Electric Power Company
231 W. Michigan Street, Room 308
Milwaukee, Wisconsin 53201

Dear Mr. Fay:

SUBJECT: VENDOR INTERFACE FOR SAFETY-RELATED COMPONENTS, GL 90-03
(TAC NOS. 76277 AND 76278)

On March 20, 1990, the NRC issued Generic Letter (GL) 90-03, "Relaxation of Staff Position in Generic Letter 83-28, Item 2.2 Part 2, 'Vendor Interface for Safety-Related Components'." GL 90-03 requested that all licensees and applicants review their present vendor interface programs and modify them as necessary using the guidance supplied in the generic letter.

By letter dated September 5, 1990 (NRC-90-90), you responded to GL 90-03 and indicated that the programs would be fully implemented by December 31, 1990 in accordance with the guidance given in the GL. The staff reviewed your response and finds it acceptable.

By conversation with Mr. Charles Krause of your staff on April 24, 1991, I learned that implementation of the programs was completed as scheduled. Accordingly, our action on this item is complete.

By copy of this letter, NRC Region III is advised of your actions to comply with the generic letter.

Sincerely,

Original Signed By:

Robert B. Samworth, Sr. Project Manager
Project Directorate III-3
Division of Reactor Projects III/IV/V
Office of Nuclear Reactor Regulation
