I. PREAMBLE

A Crisis Management Plan (CMP) has been prepared for Duke Power Company nuclear facilities. The CMP is designed solely to assist personnel at the affected facility so that the emergency can be brought under control until it no longer is an emergency. Part of the CMP provides for a Crisis News Group and Crisis News Center (CNC).

There will be intense media interest in any kind of an event at a nuclear station that has the potential, as perceived by the media, to cause widespread damage and injury. From this standpoint, the CNC will play an important role in the recovery effort with ultimate direction coming from the Recovery Manager. The smooth functioning of the crisis news staff will go a long way toward keeping the crisis in perspective without unduly frightening the general public.

In order for the CNC to operate at a high credibility level, a series of functions has been developed so that Duke Power will communicate to different publics, each having a need to know basic information so that they may take whatever action is deemed appropriate. These functions and activities are explained in the following sections. The plan has been designed so that there are two 12-hour shifts. They are designated as Shift 1 and Shift 2. All designated section heads, once notified by the NC, are responsible for notifying other members of their support group. Refer to Call Tree p. 29. Annual retraining sessions will be held in order that everyone understands his/her role and any revision that may have been made.

To be effective, there necessarily must be a single spokesperson who will be dealing with the media. This spokesperson is clearly identified in a subsequent section along with the position functions. There may be times when others on the crisis news staff will be asked questions by the media and other publics such as employees, industry representatives and government officials. The questions should be answered if possible, but under no circumstance is a member of the crisis news staff authorized to speculate or go beyond the public statements that have been issued by the public spokesperson.

ABBREVIATIONS

A/VC	Audio/Visual Coordinator
ACND	Assistant Crisis News Director
CC	Communications Coordinator
CMC	Crisis Management Center
CMP	Crisis Management Plan
CNC	Crisis News Center
CND	Crisis News Director
EPZ	Emergency Planning Zone
FGL	Federal Government Liaison
GC	Governments Coordinator
GOND	General Office News Director
I/AC	Industry/Agency Coordinator
ICC	Internal Communications Coordinator
M	Monitor
MC	Media Coordinator
MRC	Media Registration Coordinator
NC	Notification Coordinator
PS	Public Spokesperson
SC	Support Coordinator
SCPL	State Command Post Liaison
SERT	State Emergency Response Team
SGL	State Government Liaison
TB	Technical Briefers

III. FUNCTIONAL RESPONSIBILITIES

A. Crisis News Director (CND)

<u>CRISIS NEWS DIRECTOR</u>	<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
Shift 1 - MARY CARTWRIGHT			
Shift 2 - MARY BOYD			

Reports To: Recovery Manager

Supervises: Crisis News Group, Figure 1, p. 31-35.

Basic Functions:

1. Activate the primary/alternate Crisis News Center (CNC).
2. Manage all activities at the CNC for duration of the crisis.
(Any event declared more serious than an unusual event.)
3. Be the final arbiter on all decisions to be made with respect to operation of the CNC.
4. Upon notification of a crisis, determine degree of activation for CNC staff.
5. Call news conferences to order, introduce spokesperson and close the news conference.

Primary Responsibilities

1. Contact the Notification Coordinator and indicate nature of the emergency, staffing requirements, and information to be released to the news media. (See Figure 2, p. 36, for message format for news group calls and Figure 3, p. 37, for calls to the media.)

<u>NOTIFICATION COORDINATOR</u>	<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
Shift 1 - SARA EPPERSON			
Shift 2 - CAROL BARRETT			

Crisis News Director (CND)

Primary Responsibilities (cont'd)

2. Contact Public Spokesperson and direct individual to report to CNC. If unavailable, call Recovery Manager to determine who PS will be.

<u>PUBLIC SPOKESPERSON</u>	<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
----------------------------	-------------------------	-----------------------	--------------------

Shift 1 - HAL TUCKER
Shift 2 - J. W. HAMPTON or

M. D. MCINTOSH

RECOVERY MANAGER

GERALD VAUGHN

3. Call NRC Region 2 office in Atlanta to notify Public Information Officer (PIO) of nature of emergency, including plans for public dissemination of information.

<u>PUBLIC INFORMATION OFFICE</u>	<u>Office Telephone*</u>	<u>Home Telephone</u>	<u>Time Called</u>
----------------------------------	--------------------------	-----------------------	--------------------

KEN CLARK
JOE GILLILAND

4. Contact the South Carolina Governor's Press Secretary or designee and brief individual on the emergency and location of the CNC.

<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
-------------------------	-----------------------	--------------------

Primary: JUDY TURNIPSEED

Alternate: PURDY MCCLOUD

* After hours, calls are automatically transferred to Bethesda Operations

Crisis News Director (CND)

Primary Responsibilities (cont'd)

5. Call vice president, corporate communications, Duke Power Company, Charlotte, N. C., and indicate nature of the emergency.

<u>VICE PRESIDENT CORPORATE COMMUNICATIONS</u>	<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
--	-----------------------------	---------------------------	------------------------

KEN CLARK

Vice president, corporate communications, ensures G.O. staff is in place and assists G.O. or CNC as appropriate.

6. Call ACND and request individual to report for duty at appropriate location and to set up news center with storage items and materials that have been reserved for such an event.

<u>ASSISTANT CRISIS NEWS DIRECTOR</u>	<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
---	-----------------------------	---------------------------	------------------------

Shift 1 - DEBBIE DUBOSE

Shift 2 - MIKE DEMBECK

Because of the travel time required, the ACND will call ahead to News Center personnel at Oconee who will assist in setting up facilities in advance of first shift arrival.

<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
-----------------------------	---------------------------	------------------------

LINDA LAW
or
SUZANNE ISOLA

In order to accomodate media that arrives before CNC is operational, as soon as someone is in place at the Visitor Center, call ahead to security to let them know the Visitor Center is staffed. Security at Checkpoint 1 will allow media through without formal registration.

Leave instructions with Thompson/Coffin and brief entire staff on event.

In addition, ACND will call:

<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
-----------------------------	---------------------------	------------------------

Shift 1 - DON HATLEY
Shift 2 - BILL RIXON

Crisis News Director (CND)

Primary Responsibilities (cont'd)

They will provide assistance as directed by the ACND.

7. Proceed to the area requested by the Recovery Manager and await further instructions.

B. Public Spokesperson (PS)

Basic Functions/Primary Responsibilities

Of all positions, the PS is the most important from the standpoint of presenting consistent, accurate and factual information and as such is the only member of the Crisis News Team, once arriving on site, who is authorized to speak for Duke Power Company while the crisis continues. The PS will address only company actions and will not discuss state or local activities.

This individual, once informed by the CND that an emergency exists, will immediately go to the CNC so as to be prepared for subsequent public pronouncements. The PS, while assigned to the CNC staff, will be located in the Recovery Manager's office during most of the time on duty. The PS needs to be up-to-date on the event so that there is less chance for faulty communications during news briefings.

It is expected that at least three news conferences per day will be held, more if necessary. The PS will work with the CND in determining news conference times and what visuals may be needed and what is to be covered. The PS and CND also will determine the non-technical language to be used during media briefings.

Other team members are encouraged to attend news conferences so as to better understand the events surrounding the crisis in order to transmit information to others who may ask questions or need clarification on an issue.

News conferences will be conducted in the auditorium of the Keowee-Toxaway Visitor Center.

All news releases and public announcements will be approved by the CND and the Recovery Manager. News releases must be reviewed by the NRC site team manager. Assistance in developing the various public announcements will be provided by the PS.

D. Notification Coordinator (NC)

Basic Functions

1. Assist the CND/GOND.
2. In very early phase of an emergency make a number of telephone calls to group members.

Primary Responsibilities

1. Upon notification by the CND of an emergency requiring activation of the CNC and its staff, contact the requested staff members and advise them of the nature of the emergency and request them to proceed to the CNC where they will take up positions. (Use Figure 2, p. 36, for logging information from the CND and to provide information to news group members.) See Figure 4, p. 38-40, for the Notification Coordinator Call List. See Figure 6, p. 43-52, for the five call lists to the media.
 - a. Call NC second shift to assist in making first notification calls.
 - b. NC second shift will notify:
TB
A/VC
GC
GOND
GO Support/Media Notification Team
 - c. NC second shift is free to resume other activities.
2. At conclusion of calls, the NC and staff remain at the General Office taking direction from CND and/or Thompson/Coffin.
3. Call GO Switchboard to inform them of event so they may refer all calls to

FRAN BUMGARNER
after 5:00 p.m.

<u>Office</u> <u>Telephone</u>	<u>Time</u> <u>Called</u>
-----------------------------------	------------------------------

4. At appropriate time, confer with ACND to determine what second shift functions are needed, the number of people needed and the time they will be needed. Then contact second shift staff advising them of same.

C. Monitor (M)

Basic Functions/Primary Responsibilities

1. This individual, who reports to the CND, will take a position in the Recovery Manager's office and will monitor events as they change.
2. When the CND and/or PS are not in the Recovery Manager's office, the monitor takes notes on the situation and updates the CND and PS.

E. Communications Coordinator (CC)

Basic Function

1. The Communications Coordinator directs the activities of the ICC, I/AC, GC, SGL and FGL. The CC ensures that all communications with industry representatives, employees and elected officials are consistent and timely.
2. The CC is familiar with the planned actions of the various support functions in the unit and is responsible for the overall smooth operation of this section.
3. Keeps section up-to-date on an hourly basis on situation developments.

F. Internal Communications Coordinator (ICC)

Basic Function

The basic function of this position is to coordinate rumor control activities within Duke Power Company and to communicate the nature of the emergency back to Corporate Communications at G.O. for dissemination to employees throughout the system.

Primary Responsibilities

1. Make at least 3 general status reports to the Corporate Communications staff on duty at the General Office per day for system wide distribution.

- Before 8:00 A.M.
- At 12:00 Noon.
- At 4:00 P.M.

2. Contact one of the following persons to report to the G.O. and assist ICC as necessary:

	<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
Shift 1 - ROBIN LOWE			
Shift 2 - CATHY ROCHE			

3. Call the following retail offices in affected plant area and advise managers of event so they can respond to customer inquiries.

<u>Branch</u>	<u>Manager</u>	<u>Office Telephone</u>	<u>Time Called</u>
Anderson	E. O. Ferrell		
Brevard	George L. Turner		
Clemson	J. W. Stephens, Jr. (Mgr. at Pendleton)		
Greenville	Cecil E. Hall		
Liberty	Joe Minton		
Pendleton	J. W. Stephens, Jr.		
Pickens	Julia Alexander		

Internal Communications Coordinator (ICC)

Primary Responsibilities (cont'd)

<u>Branch</u>	<u>Manager</u>	<u>Office Telephone</u>	<u>Time Called</u>
Piedmont	S. C. Miller		_____
Travelers Rest	Durwood E. Bowden		_____
Walhalla	Wilson J. Owen		_____
Williamston	Jack T. Lowe		_____

4. ICC proceeds immediately to CNC to take up position.
5. Transmit the following to independent/dependent locations via the CONTACT system.

A Crisis Management Rumor control has been established and is for use by all independent/dependent location personnel.

During the current plant emergency, you may receive questions from customers. Follow these guidelines when responding:

- a. Read the latest news release that you received from Employee Communications.
 - b. Provide basic statistical information on the station (location, manufacturer, size, year of operation, etc.) if requested.
 - c. Use the emergency brochure as your guide in providing general information. Quote directly from the brochure.
 - d. Do not speculate or go beyond the content of news releases, emergency brochure or any other up-to-date company publication.
 - e. If you cannot answer a question, either transfer the call to Corporate Communications in the General Office, or ask the caller to call collect or
6. Disseminate information to company employees through bulletin boards, NEWSBRIEFS, CRT.
 7. Assist the MRC (see MRC Section, Section J-4, p. 17).
 8. Remains at CNC until crisis is over and services are no longer needed.

G. Industry/Agency Coordinator (I/AC)

Basic Function

Public information representatives from the utility industry, associations and governmental agencies could arrive at the CNC and assist the crisis news staff during a crisis. The I/AC will see that adequate office space and communications facilities are available. He/she will keep them updated on crisis development (including hand carrying news releases to NRC staff and advising same of media briefings) and will, if possible, monitor information reported back to their respective organizations and obtain copies of formalized statements.

Primary Responsibilities

1. Upon notification by the NC that the CNC is to be activated, the I/AC will contact the organizations in Figure 7, p. 53-54 (Industry/Agency Coordinator Call List), to inform them of the accident and that he/she is their contact during the crisis.
2. Report to CNC as soon as possible to take up position.
3. Issue press kits to information representatives when registered. An ID badge will be issued to the representatives.
4. The I/AC will regularly confer with ACND and representatives from above organizations, including NRC, and exchange information on rumor development so that accurate response, if necessary, can be made by appropriate group. The CNC response will be developed by the ACND.
5. Remain at CNC for duration of the crisis.

H. Technical Briefers (TB)

Basic Functions

The TB have two basic functions:

1. Explain and define nuclear terms and operations for the media and public officials.
2. Conduct tours provided such can be accomplished under existing conditions.

At least two TB will be on duty at all times and will be available to provide information to the media after and between news briefings when the PS may not be available. The TB will be HP and security badged for Ocone.

Primary Responsibilities

1. Upon notification by the NC that the CNC is to be activated, the TB will go to the CNC to perform their role.

I. Media Coordinator (MC)

Basic Function

1. The Media Coordinator directs activities of the media registration coordinator, technical briefers and audio-visual staff. The MC ensures that the media have all necessary resources (both information and equipment).
2. The MC is familiar with the planned actions of the various support functions in the unit and is responsible for the overall smooth operation of this section.
3. MC will see that activities of the support functions are coordinated properly.
4. Keeps section up-to-date on an hourly basis on situation developments.
5. Note key activity under ACND on page 23.
6. Organizes news conferences by notifying media, setting up auditorium and distributing news releases and transcripts (as appropriate).

J. Media Registration Coordinator (MRC)

Basic Function

This individual will work closely with all media representatives, making sure that they are registered upon arrival at the CNC. The MRC and staff will make the media aware of what facilities are available, will maintain a record of the media covering the crisis, issue press kits, news releases, and will coordinate with federal and state representatives when they arrive at the CNC.

Information representatives from the utility industry, trade associations and government agencies are directed to the Industry/Agency Coordinator (I/AC)

Primary Responsibilities

1. Upon notification by the NC that the CNC is being activated, the MRC will call:

	Office Telephone	Home Telephone	Time Called
Shift 1 - PALMER HOLT (Section Head) LINDA LAW			
JIM HALE			
Shift 2 - FRANK GUDGER (Section Head) PAT TATE EARL CARPENTER			

These people will operate from the News Room and will issue press kits, any news releases that may be applicable and advise media on available facilities (tables, typewriters, telephones, paper, etc.).

2. Proceed directly to CNC and prepare for arrival of media. Position staffer as soon as possible at road entrance to facility.
3. Will set up news conferences and will, to best of ability, inform media of next scheduled news conference.
4. If necessary, and after consultation with CNC, will utilize services of ICC for assistance in media registration and will post current news releases in the registration trailer.

Media Registration Coordinator (MRC)

Primary Responsibilities (cont'd)

5. One member of each shift will assist security by identifying and registering media representatives (including information representatives from the utility, industry, trade associations and government agencies) arriving at the station. Registration will consist of media and information representatives providing some type of identification upon entering the Crisis News Center. Upon confirmation a badge will be made and given to the individual for the duration of the emergency. In the event that a site emergency is declared where non-essential personnel evacuate the site, media and information representatives are required to have an identification made in a special facility on Route 73, near the construction entrance that leads to the Crisis News Center. Upon site evacuation, a member of this shift will move to the special trailer to assist security in registration.

Once the ID is made, the media and information representatives would be allowed to proceed past the various checkpoints to the Crisis News Center.

6. MRC will make sure all news releases are posted in trailer and that copies are given to the Emergency Coordinator in the Technical Support Center
7. MRC will function throughout duration of crisis.

K. Governments Coordinator (GC)

Basic Functions

This individual will be responsible for notifying the State Government Liaison (SGL) and the Federal Government Liaison (FGL) and elected officials in the Emergency Planning Zone (EPZ) of the crisis and the progress that is being made. The SGL and FGL will contact elected officials on a state and federal level who represent the affected area.

The GC and the two liaisons will make periodic calls during the crisis as developments change, and should make contacts even if the situation is unchanged. They will brief the officials, inform them they are the contact for future reports and make arrangements to locate them on a regular basis for the duration of the crisis.

The GC also will assign two people from the Charlotte Division whose job will be to monitor and tape as many radio and TV news programs as possible (within division) that deal with the emergency during the course of the crisis. The audio tapes will provide a permanent record of what was said in the area. The audio tapes should be sent to Manager, News Services, Corporate Communications, at the conclusion of the crisis. More importantly, by monitoring, the individuals will be able to pick up on rumors or other flagrant inflammatory statements. These statements should be orally communicated as soon as possible to General Office News Director who will then confer with the CND to determine if a rebuttal is necessary.

The GC and two liaisons should be aware that the executive branches of government are being notified by Duke Power through other avenues, and that appropriate local, state and federal agencies dealing with public health and safety have already been informed of the crisis.

Primary Responsibilities

1. Upon notification by the NC that the CNC is to be activated, the GC will contact those persons listed in Figure 8, p. 55-57, Governments Coordinator Call List.
2. Report to Andy Thompson/Alex Coffin in Corporate Communications. The GC will monitor crisis developments, make update reports to SGL and FGL and then continue to keep EPZ officials updated on developments.

L. Audio/Visual Coordinator (A/VC)

Basic Functions

This individual is responsible for maintaining electrical and electronic equipment including exhibits (especially during news conferences) used by the Crisis News Center staff. Further, the A/VC videotapes all news conferences so that a company record exists on public statements. The videotapes may be needed during "off hours" for viewing and review by incoming media and others who have a need for the information. Fresh tapes are to be used for each briefing.

The A/VC also may be requested by the CNC to make duplicate recordings for some media representatives. Once the CNC is closed, all tapes should be properly labeled and forwarded to General Manager, Plant and Community Relations, Corporate Communications.

News conferences will be scheduled in the auditorium of the Keowee-Toxaway Visitor Center.

Primary Responsibilities

1. Upon notification by the NC that the CNC is to be activated, the A/VC will determine personnel needs and call in support as necessary:

Shift 1 - ROBERT METZ

Shift 2 - CECIL TURNER

Office
Telephone

Home
Telephone

Time
Called

2. Proceed immediately to CNC.
3. Check with MRC to determine when first activities are likely to be held so that A/VC may be properly prepared to handle CNC needs and influx of media representatives.
4. Remain at CNC for duration of crisis.

M. State Government Liaison (SGL)

The SGL will contact members of the state legislative delegation from the EPZ counties informing them of the crisis and the progress that is being made and make periodic calls to them even if the situation remains unchanged.

The SGL will brief the officials, inform them that he is their contact for future reports and make arrangements to locate them on a regular basis for the duration of the crisis.

The SGL is not required to go to the CNC since the following contacts can be accomplished from the normal work place or from home.

Primary Responsibilities

1. When contacted by the GC that the CNC is to be activated, the SGL will contact those persons in Figure 9, p. 58, SGL Call List.
2. Repeat the calls every 3 to 4 hours or as warranted by the situation.

N. Federal Government Liaison (FGL)

Basic Functions

The FGL will contact elected officials on a federal level who represent the affected area, informing them of the crisis and the progress that is being made and make periodic calls to them even if the situation remains unchanged.

The FGL will brief the officials, inform them that he is their contact for future reports and make arrangements to locate them on a regular basis for the duration of the crisis. This individual is not required to go to the CNC since the following contacts can be accomplished from the normal work place or from home.

Primary Responsibilities

1. When contacted by the GC that the CNC is to be activated, the FGL will contact those persons in Figure 10, p. 59-60, FGL Call List.
2. Repeat the calls every 3 to 4 hours or as warranted by the situation.

0. Assistant Crisis News Director (ACND)

Basic Functions

The ACND supports the CND and is responsible for notifying the State Command Post Liaison (SCPL) who reports to the MC. The ACND is responsible for supervising news center activities by directing the SCPL, CC, MC, and SC.

Primary Responsibilities

1. When contacted by the CND of the emergency situation, the ACND will then call the State Command Post Liaison and request they proceed to the CNC to take up position in the state area.

<u>Office</u>	<u>Home</u>	<u>Time</u>
<u>Telephone</u>	<u>Telephone</u>	<u>Called</u>

Shift 1 - DON HATLEY

Shift 2 - BILL RIXON

2. The ACND will confer regularly with the SCPL. The SCPL will discuss/exchange information with state/county information personnel to ensure rapid, accurate response to any rumors that develop in the state/county center. The ACND will be responsible for developing responses to these rumors.
3. The ACND will keep the crisis news staff and G.O. staff up-to-date on the situation by conducting hourly briefings.

P. General Office Staff

Basic Functions

The Corporate Communications Department at General Office will continue to function throughout the emergency. This department will serve as the interim news center for sending out the first messages and handling initial inquiries until the Crisis News Center has been activated. Andy Thompson/Alex Coffin will serve as General Office News Director for the duration of the emergency. Once the Crisis News Center is operable, the remaining staff at General Office will perform some of the more routine daily functions such as they may be during a crisis. They will take news releases and other public information issued by the CNC directly to each executive officer to ensure that senior management is informed of all public statements. G.O. staff will distribute information to media in the event of relocation of CNC to the backup facility.

Primary Responsibilities

1. Thompson/Coffin will call one of the following to provide technical assistance and understanding of nuclear operations to staff.

Shift 1 - CARL LEONARD
Shift 2 - GARY HEDRICK

<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
-------------------------	-----------------------	--------------------

2. While 1st shift is in transit and until CNC is operational, Thompson/Coffin will contact Emergency Coordinator in Technical Support Center at Oconee to obtain updated information so that news releases can be developed. Once clearance is obtained from Emergency Coordinator, follow dissemination procedures used for initial release.

EMERGENCY COORDINATOR

ED SMITH

<u>Office Telephone</u>	<u>Home Telephone</u>	<u>Time Called</u>
-------------------------	-----------------------	--------------------

3. Immediately advise SC State Emergency Operations Center (SEOC) in Columbia of all news releases issued by Duke prior to the time the CNC is operational. Also, check with the SEOC to determine what public messages they are issuing.

State PIO -- Bill Goodwin
State Telecopy -- Columbia, SC

<u>Office Telephone</u>	<u>Time Called</u>
-------------------------	--------------------

Rev. 1
March 16, 1983

General Office Staff

Primary Responsibilities (cont'd)

4. If needed, assist ICC in disseminating information within the company.

Q. Support Coordinator (SC)

Basic Functions

1. Reporting to the ACND, the support coordinator is responsible for ensuring that all news releases and transcripts are typed and distributed in a timely manner. Prior to each news conference, the SC will notify the court reporters and ensure that they are in place. The SC will assist the MC in setting up the auditorium prior to each news conference.

The SC supports the ACND by taking quality assurance responsibility for the news center operation.

2. The SC will direct the activities of the secretarial teams and court reporters.
3. Will make sure all support materials are available and ready for use.
4. Keeps section up-to-date on an hourly basis on situation developments.

R. Secretarial Team

Basic Functions

To provide clerical/secretarial support within the crisis news group or as requested by the CND.

Primary Responsibility

1. When contacted by the NC that the CNC is to be activated, Masurat/Ledbetter calls Deposition, And requesting they send individual to Crisis News Center. This person will transcribe all news conferences, and make hard copy available within a very short period. Hard copy is to be telecopied back to Corporate Communications ASAP by Masurat/Ledbetter.

S. State Command Post Liaison (SCPL)

Basic Function

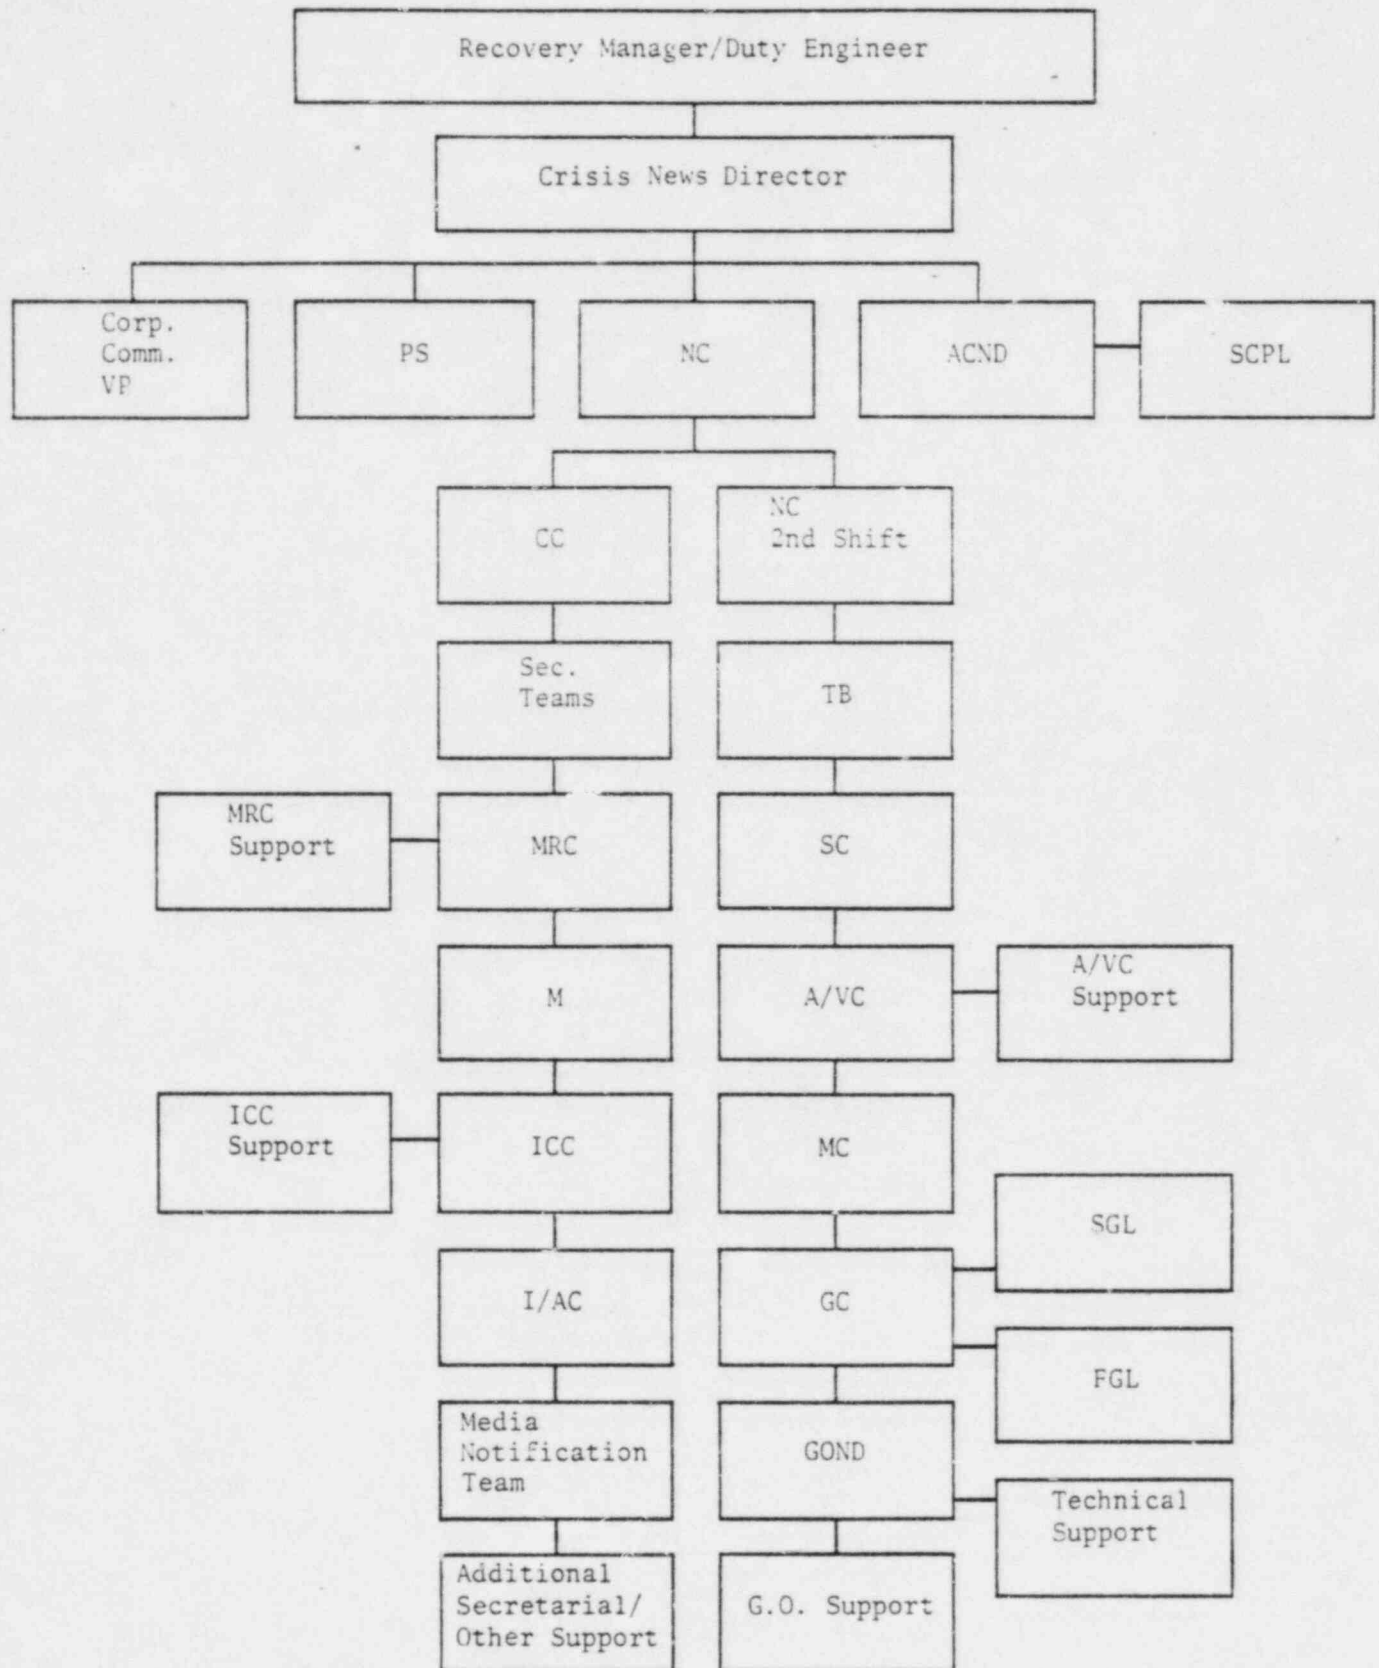

The SCPL will serve as a conduit between the CNC and the state, making sure the state has all necessary information for its own news releases. In addition, the SCPL will keep the CNC informed of any public announcements or news conferences that are being scheduled by the state.

Primary Responsibilities

1. Interface with ACND to transmit information on any rumors that arise in the state/county command post.

IV. CRISIS NEWS GROUP ACTIVATION

Upon a call for activation of the CNC, this "call tree" will be used.

V. CRISIS NEWS CENTER - PRIMARY & BACKUP

Primary CNC

As described in Figure 11, p. 61, the primary CNC for Oconee Nuclear Station is the Keowee-Toxaway Visitor Center. Access to the facility is as shown in Figure 12, p. 62.

The CND, PS, and Monitor will take up positions in the Recovery Manager's office as shown in Figure 13, p. 63.

Alternate Location

It is possible that during an emergency, the crisis news organization would be moved to another off-site location. That location for the Oconee Nuclear Station will be the town of Liberty.

The crisis management organization will relocate to the Liberty retail office. The Crisis News staff would occupy a portion of the display area toward the front of the building.

The news center, where media would congregate, is the Liberty Town Hall, a short distance from the retail office. Position functions for all Crisis News Center personnel will remain the same.

Each person is responsible for transportation to the primary/alternate Crisis News Center.

The State Law Enforcement Division (SLED) of South Carolina will be involved in limiting access into the general Oconee area to those people who are directly involved in the station emergency. In order to assist you in passing through roadblocks, please place the large yellow card on your car dash and wear the smaller card around your neck.

(Routes to Liberty from Oconee Nuclear Station:

Route 1 - South on SC-130 to US-123; left (east) on US-123 to intersection with US-178; left on US-178 (north) to Liberty.

Route 2 - East on SC-183 to Pickens intersection with US-178; right (south) on US-178 to Liberty.

Crisis Management Organization
Emergency Activation Message

This sheet is to be used by persons making notifications to other members of the Crisis Management Organization, to ensure that all pertinent information is passed on to the staff before their departure to their General Office Staging Area or Near-Site Crisis Management Center.

Your name _____

Person who contacted you _____ your group _____

Persons you contacted with this message (if any) _____

Message Format

1. This is _____ (caller's name).
2. I am notifying you of a drill/actual emergency at _____
Nuclear Station, Unit No. _____.
3. At this time, the class of emergency is: _____ Alert
_____ Site Area Emergency _____ General Emergency.
4. You are to activate your portion of the Crisis Management Organization and have them report to _____ your G.O. staging area _____ the nearsite CMC _____ backup CMC.
5. Specific Instructions (if any): _____

6. Please return a copy of this completed format to the Emergency Response Coordinator, R. M. Glover, WC-2369, Charlotte, N.C.

Figure 3

FROM: Corporate Communications Department
Duke Power Company
422 South Church Street
Charlotte, North Carolina 28242

THIS (IS/IS NOT) A DRILL

Oconee Nuclear Station -- Duke Power Company reported an (alert/
site emergency/general emergency) at its Oconee Nuclear Station located near
Walhalla, S. C. at (time) on (date).

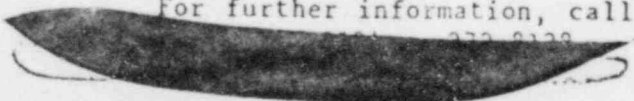

Preliminary information indicates (give nature of problem).

The status of the accident situation is (stable/improving/degrading/not known).

A release of radioactivity (is/is not) taking place. (Specific
information if release is taking place.)

Additional details will be provided as available.

THIS (IS/IS NOT) A DRILL.

For further information, call Corporate Communications in Charlotte at

NOTE: A news center is being activated at the Oconee Visitor Center near the
station. Facilities will be made available at the center for media
representatives. The news center phone number is 803/882-0601.
(Oconee: Take route 123 to Seneca. At Seneca take route 130 north.
Follow signs to Keowee-Toxaway Visitor Center.)

These estimates are based upon a study performed by PRC-Voorhees Company for Duke Power Company. This study was submitted to NRC in January, 1982. Tables J-2 through J-15 describe the Oconee Nuclear Station EPF (evacuation routes, planning zones, special facilities, etc.) These tables are excerpts of the study which is available for review at the Duke Power Company General Offices or Oconee Nuclear Station.

A.0 INTRODUCTION

A.1 PURPOSE

To support all other groups at a nuclear station should a crisis occur with equipment, personnel, supplies, and personal services.

A.2 MAJOR FUNCTIONS

A.2.a Administration

A.2.b Accommodations

A.2.c Communications

A.2.d Purchasing

A.2.e Finance

A.2.f Commissary

A.2.g Human Resources

A.2.h Transportation

A.2.i Medical

A.2.j Security

A.2.k Insurance

A.3 MANAGER

A.3.a PRIMARY

J. T. Moore

A.3.b ALTERNATE

R. F. Smith

A.4 ASSISTANT MANAGERS

The following people are designated Assistant Managers and have responsibilities as indicated in Appendix A-1. In the event of a crisis these individuals will serve as manager when the need arises during shifts, etc.

Primary

Alternates

R. H. Lynn	C. Neil Alexander, Jr.
E. D. Morton	J. R. Morehead (Purchasing Director)
S. M. Kessler	D. S. Moss
R. N. Johnson	Mike Lenderman (Human Resources Director)

A.5 PERSONNEL REQUIRED

Names of directors and their alternates are included in the Organizational Chart shown as Appendix A-1 as well as under the subtopic "Members of Group" included in each section.

A.6 SUPPORT REQUIRED FROM OTHER GROUPS

The Administration and Logistics Group is intended to be a totally self-supporting group, as well as a service group to all others on the Crisis Management Team.

A-7 DISTRIBUTION OF ADMINISTRATION AND LOGISTICS PLAN

Copies of this plan are to be maintained in the following areas:

A.7.a Ocone Training Center - Richard Bugert

A.7.b McGuire Technical Training Center - Bob Koehler

A.7.c Hal Tucker (Mike Glover) - 32 copies
(NRC and Implementing Plans)

A.7.d Each member of the Administration and Logistics Group

A.7.e Lionel Lewis

A.7.f Primary Emergency Medical Technicians

A.8 AUDIT PROCEDURES

All of the information contained in this plan will be verified for accuracy semi-annually. These periodic audits are to be completed no later than March 31, and September 30 of each year.

Upon completion of these audits a letter will be sent to the Recovery Manager or designee signifying audit has been performed. Revisions to the plan, if necessary, will be distributed upon auditing as well as upon notification of changes throughout the year. The Administration Director will be responsible for initiating the audit.

A.9 EXPENSES INCURRED FOR THE CRISIS MANAGEMENT ORGANIZATION

The Recovery Manager and Administration/Logistics Manager are authorized to approve expenses incurred in the performance of the duties described in this plan.

A.10 EMERGENCY CLASSIFICATION SYSTEM

Appendix A-2 describes the four classes of emergency action levels specifically addressed by each station's Emergency Plan.

A.11 EMERGENCY ACTIVATION FORM

Appendix A-3 is a form to be completed upon notification of an emergency by each team member.

A.12 DEFINITIONS

Appendix A-4 includes definitions of various terms associated with the Crisis Management Organization.

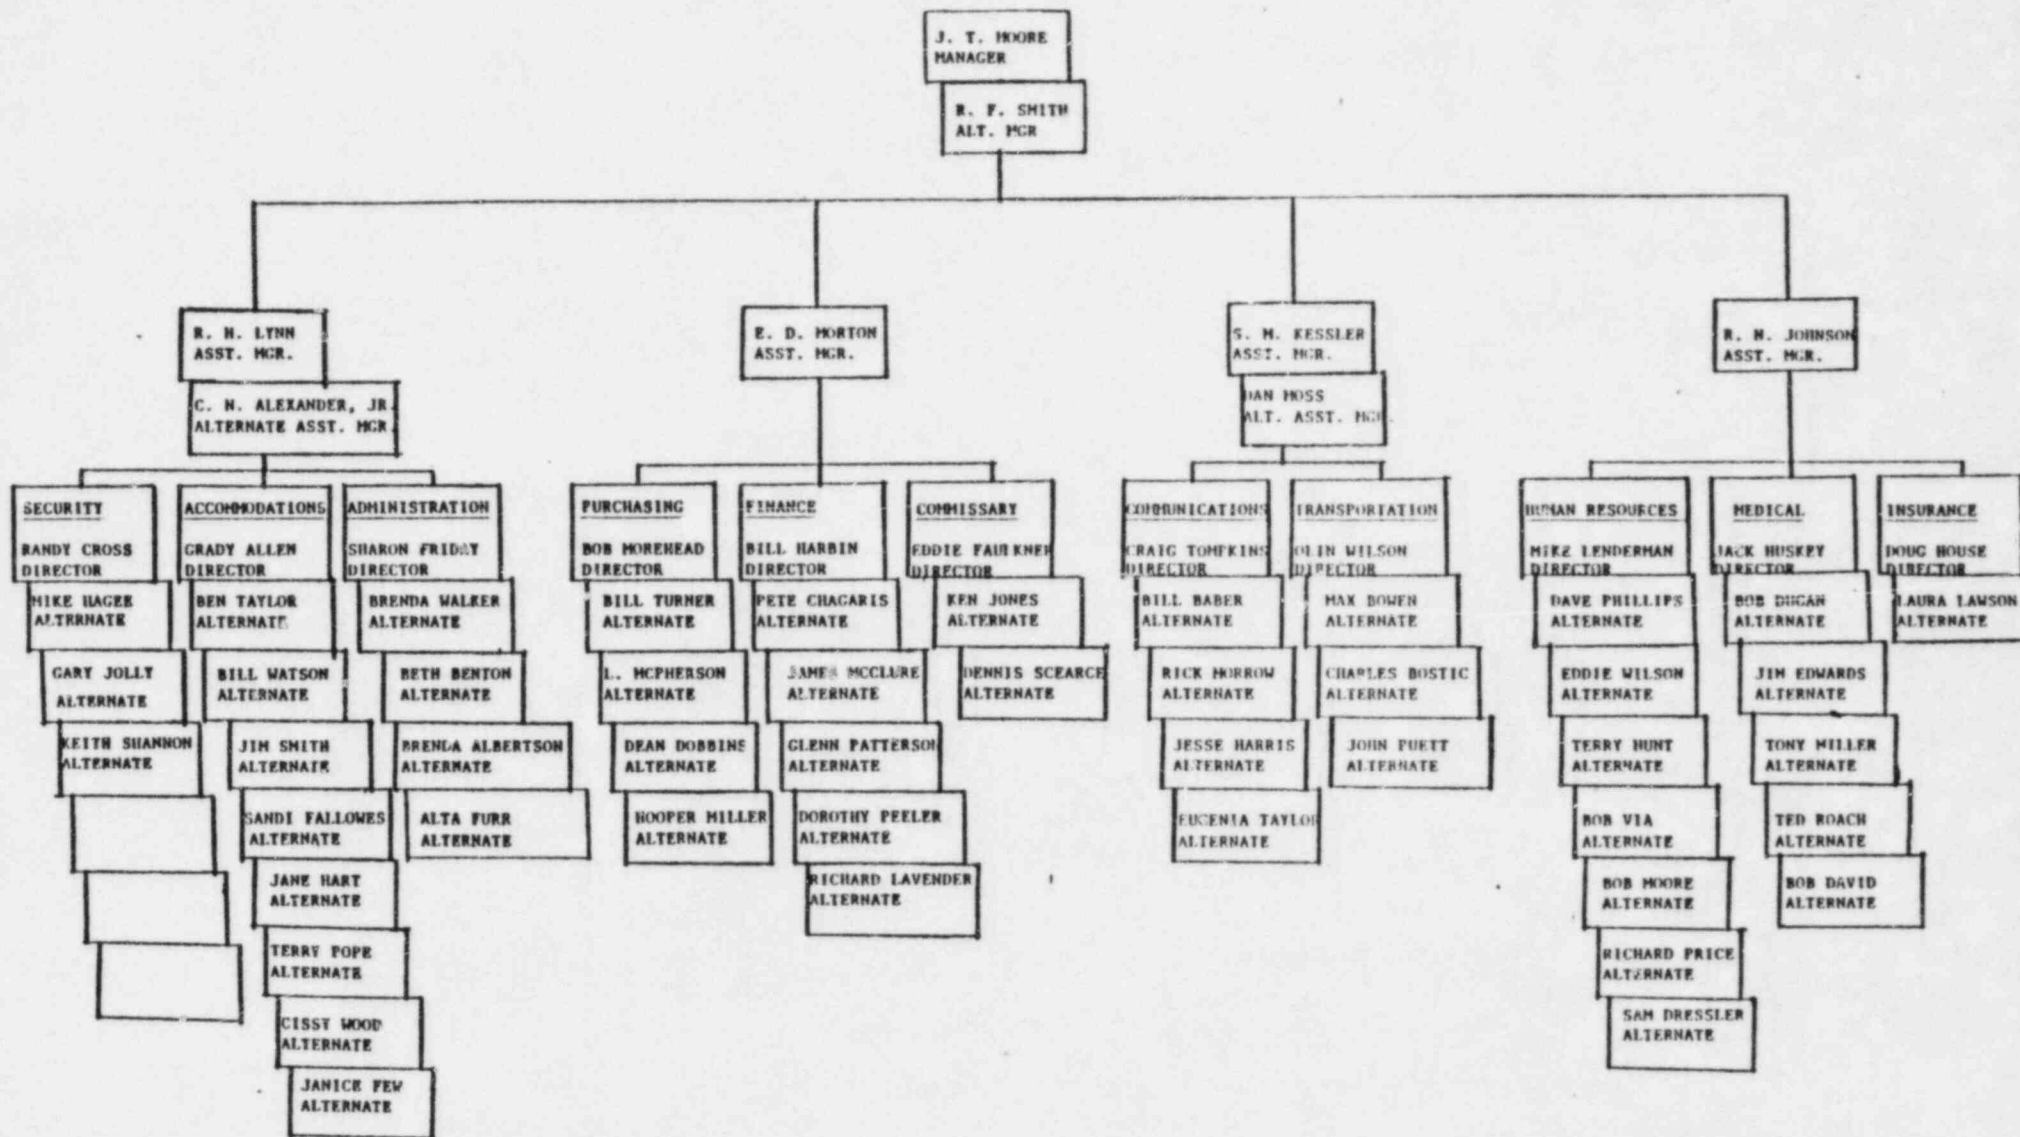

A.13 EXERCISES AND DRILLS

Appendix A-5 explains activation of exercises and drills as required by the NRC.

A.14 DECISION TREE

Appendix A-6 indicates a guide for the decision making process for managers and directors upon notification of an emergency, drill or exercise.

PAGE 1 OF 1
ORGANIZATION CHART

EMERGENCY CLASSIFICATION SYSTEM

This section of the Crisis Management Plan generally describes each of the four classes of emergency action levels specifically addressed by each station's Emergency Plan. The four classes are as follows:

- 1) Notification of Unusual Event
- 2) Alert
- 3) Site Area Emergency
- 4) General Emergency

Emergency Classification - Initiating Conditions, Emergency Action Levels

Each class of emergency is described below.

NOTIFICATION OF UNUSUAL EVENT

This class is defined as primarily an in-plant occurrence requiring in-plant actions. It does not require offsite notification for the purpose of seeking assistance to protect the health and safety of the public. The purpose of this class is to provide notification of the emergency to the station staff utility headquarters, State and Local EOC's, and others as designated in station procedures.

ALERT

This class involves events that are in process or have occurred which involve an actual or potential substantial degradation of the level of safety of the station. The purpose of the alert class is to assure that emergency personnel are readily available to (1) activate the response centers, (2) respond if the situation becomes more serious or to perform confirmatory radiation monitoring if required, and (3) provide offsite authorities current status information.

SITE AREA EMERGENCY

This class involves events that are in process or have occurred which involve actual or substantial core degradation or melting with imminent potential for loss of containment integrity. The purpose of the general emergency class is to (1) initiate predetermined protective actions for the public, (2) provide continuous assessment of information from onsite and offsite measurements, (3) initiate additional measures as indicated by event releases or potential releases, and (4) provide current information for and consultation with offsite authorities and the public.

General Emergency

This class involves events that are in process or have occurred which involve actual or substantial core degradation or melting with imminent potential for loss of containment integrity. The purpose of the general emergency class is to (1) initiate predetermined protective actions for the public, (2) provide continuous assessment of information from onsite and offsite measurements, (3) initiate additional measures as indicated by event releases or potential releases, and (4) provide current information for and consultation with offsite authorities and the public. The actions in this class include all actions which would be taken in a Site Emergency.

State and Local Organization - Emergency Classification System

The State and Local Organizations Emergency Classification System and Emergency Action Levels are consistent with the nuclear facility. (See state and local plans).

State and Local Organization - Procedures for Taking
Emergency Actions

The state and local emergency response plans describe actions they could take based upon utility recommendations, Federal agency recommendations, or their own independent assessment. (See state and local plans)

Crisis Management Organization
Emergency Activation Message

This sheet is to be used by persons making notifications to other members of the Crisis Management Organization, to ensure that all pertinent information is passed on to the staff before their departure to their General Office Staging Area or Near-Site Crisis Management Center

Your Name _____ Time Contacted _____
Person who contacted you _____ Your Group _____
Persons you contacted with this message _____ (If Any)

Message Format

1. I am notifying you of an incident at _____ Nuclear Station, Unit No. _____.
2. This is/is not a drill.
3. The incident occurred at _____ (hours) on ____/____/____ (Date).
4. The class of emergency at this time is: _____ Alert
_____ Site Area Emergency _____ General Emergency
5. The initiating condition causing the emergency is as follows: _____

6. Release of radioactivity: ____ is taking place ____ is not taking place.
7. Corrective measures being taken at present are as follows: _____

8. You are to report to: ____ your G.O. staging area ____ the nearsite CMC ____ backup CMC ____ (other - Specify) _____
9. Specific Instructions (if any) _____

When notification is complete, this sheet is to be forwarded to the Administration Director (Sharon Friday - WC1045 - Purchasing Department)

DEFINITIONS

ASSESSMENT ACTIONS

Those actions taken during or after an accident to obtain and process information that is necessary to make decisions to implement specific emergency measures.

CORRECTIVE ACTIONS

Emergency measures taken to ameliorate or terminate an emergency situation at or near the source of problem to prevent an uncontrolled release of radioactive material or to reduce the magnitude of the release, e.g., shutting down equipment, fire-fighting, repair and damage control.

PROTECTIVE ACTIONS

Those emergency measures taken after an uncontrolled release of radioactive materials has occurred for the purpose of preventing or minimizing radiological exposures to persons that would be likely to occur if the actions were not taken.

POPULATION-AT-RISK

Those persons for whom protective actions are being or would be taken.

AFFECTED PERSONNEL

Persons who have received radiation exposure or have been physically injured as a result of an accident to a degree requiring special attention as individuals, e.g., decontamination, first aid, or medical services.

RECOVERY ACTIONS

Those actions taken after the emergency to restore the station as nearly as practicable to its pre-emergency condition.

PROTECTIVE ACTION GUIDES (PAG)

Projected radiological dose or dose-commitment values to individuals in the general population that warrant protective action following a release of radioactive material. Protective actions would be warranted provided the reduction in individual dose expected to be achieved by carrying out the preventive action is not offset by excessive risks to individual safety in taking the protective action.

EMERGENCY ACTION LEVELS

Radiological doses or dose rates; specific contamination levels of airborne, waterborne, or surface-deposited concentrations of radioactive materials; or specific instrument indications (including their rate of change) may be used as thresholds for initiating such specific emergency measures as designating a particular class of emergency; initiating a notification procedure, or initiating a particular protective action.

SITE

That part of the nuclear station property consisting of the Reactor, Auxiliary, Turbine, and Service Buildings and grounds, contained within the owner controlled area fence.

EXCLUSION AREA

The area around the nuclear station, including the site, out to a radius of 2500 feet (5280 feet for Ocone).

PLUME EXPOSURE PATHWAY

The principle exposure sources from this pathway are (a) whole body external exposure to gamma radiation from the plume and from deposited material and (b) inhalation exposure from the passing radioactive plume. The time of potential exposure could range from hours to days.

INGESTION EXPOSURE PATHWAY

The principle exposure from this pathway would be from ingestion of contaminated water or foods such as milk or fresh vegetables. The time of potential exposure could range in length from hours to months.

EMERGENCY PLANNING ZONE (EPZ)

The area for which planning is needed to assure that prompt and effective actions can be taken to protect the public in the event of an accident. The plume exposure EPZ is about 10 miles in radius and the ingestion exposure EPZ is about 50 miles in radius.

TECHNICAL SUPPORT CENTER (TSC)

The Technical Support Center is utilized for evaluation of plant status by knowledgeable personnel in support of operations during an emergency situation.

OPERATIONAL SUPPORT CENTER (OSC)

The Operational Support Center is the place designated for operations support personnel to report in an emergency situation.

CRISIS MANAGEMENT CENTER (CMC) OR (EOF)

The Crisis Management Center is the facility utilized for direction and control of all emergency and recovery activities with emphasis on the coordination of offsite activities such as dispatching mobile emergency monitoring teams, communications with local, State and Federal agencies, and coordination of corporate and other outside support. Frequently referred to as the Emergency Operation Facility (EOF).

PROTECTED AREA

An area encompassed by physical barriers and to which access is controlled.

VITAL AREA

Any area which contains vital equipment.

DRILL

A drill is a supervised instruction period aimed at testing, developing, and maintaining skills in a particular operation.

EXERCISE

An exercise is an event that tests the integrated capability and a major portion of the basic elements existing within emergency preparedness plans and organizations.

EXERCISES AND DRILLS

Exercises

Duke Power Company will conduct an emergency exercise at its Oconee and McGuire Nuclear Stations once a year. These annual exercises will be either "full-scale" or "small-scale" events (as defined in 10 CFR Part 50 Appendix E) and will be coordinated tests involving the Station organization, the Crisis Management Organization, the local counties, the State(s) emergency organization (full-scale only), and, when possible, Federal Agency involvement.

The exercise scenario, data, and messages will be developed by Duke Power Company personnel in conjunction with offsite agency representatives. The event will be designed to test the integrated capability of those involved and a major portion of the basic elements existing within the plans and organizations. Events involving all four emergency classes will occur in these exercises.

The "full-scale" exercises (held at least every five years) will include mobilization of State and local personnel and resources, the Crisis Management Organization and Federal Agencies; whereas, the "small-scale" exercises (held when a "full-scale" is not planned) will include local, Station, and Crisis Management Organization response only.

The scenario for these events will be varied from year to year to allow Emergency Planners to test group response to many of the initiating conditions. The exercise will be initiated at various times of the day, but in every six year period from 1981 on, one exercise will begin between 6:00 P.M. and midnight, and another between midnight and 6:00 A.M.

Drills

Duke Power Company will conduct the drills listed below. Other drills will be conducted as deemed necessary by the Recovery Manager.

Communications Drill

Oconee and McGuire Nuclear Stations will conduct monthly communications drills with the State and local governments within the Plume Exposure Pathway Emergency Planning Force and quarterly tests with Federal Response Organizations and states within the Ingestion Pathway.

During the annual exercise, communications between the facility, the CMC, State and local EOC's, and Field Assessment Teams will be tested.

Fire Drills

The Nuclear Stations will conduct fire drills in accordance with the plant technical specifications.

Medical Emergency Drills

A medical emergency drill involving a simulated contaminated individual will be held as a part of each station's annual exercise. The drill will include provisions for response by both the transportation service and the offsite medical facility.

Radiological Monitoring Drills

During each station's annual exercise, a drill involving onsite and offsite radiological monitoring teams will be conducted. The monitoring teams will actually collect and analyze air samples, as appropriate. Soil and water samples will not be taken as this is done on a weekly basis at the station. The exercise controllers will provide them simulated analysis results indicative of contamination or plume location.

Health Physics Drills

(1) The Nuclear Station will conduct semi-annual Health Physics drills as described in part N.2 of the Station plan.

Exercises and Drills: Scenarios and Objectives

The Corporate Emergency Coordinator is responsible for the overall development and direction of each station's annual exercise. He will appoint an Exercise Director and a key group of controllers to develop the exercise scenario, exercise messages, and simulated data for the station and offsite areas. The Exercise Director will, for each exercise, develop an Emergency Management Response Exercise Plan. This plan will include objectives of the exercise and evaluation criteria, the date, time, place, and participating organizations, the exercise scenario, a narrative summary of the event including such things as emergency classification at various times in the simulated accident, offsite assistance, some detail on plant conditions, and public information activities, and a description of the arrangements for an advance materials to be provided to official observers.

Exercise Critique

A critique will be held following each exercise. The critique will be a closed session between Duke and the Nuclear Regulatory Commission. During the critique, the Recovery Manager, each Function Manager, offsite agency representatives, the Duke Exercise Director, and the NRC

APPENDIX A-5
PAGE 3 OF 3

will make preliminary evaluations of onsite and corporate emergency response. Participation in a public critique will be determined prior to each exercise.

Critique Action Items

The verbal evaluations made during the critique and any followup written evaluation will be compiled into a "Critique Action Item List" by the Corporate Emergency Coordinator. Following the development of the list and transmission of it to persons designated to have lead responsibility in resolution of items, a meeting between the Recovery Manager and these individuals will be held. Review of the list and completion dates will be established at that time. Followup by the Corporate Emergency Coordinator will ensure resolution of each item. (See Table N-1)

APPENDIX A-6
PAGE 1 OF 2

DECISION TREE

Immediately upon notification of an alert, site or general emergency the following will take place:

J. T. Moore - Stay in office until assistant managers advise Crisis Management Center is ready for him or Recovery Manager goes to the site. Report to site.

R. F. Smith - Report to Recovery Manager's staging area along with one or two runners who will transmit messages to the Assistant Managers and J. T. Moore.

If staging areas are not used, report to site.

S. M. Kessler - Establish communication system at Crisis Management Center.

Transport Accommodations trailer to appropriate site and set it up.

Report to Administration and Logistics staging area if the staging area is used by the Recovery Manager.

If staging areas are not used, report to site.

E. D. Morton - Assess situation concerning meals and act accordingly.

Report to Administration and Logistics staging area if the staging area is used by the Recovery Manager.

If staging areas are not used, report to site.

R. H. Lynn - Establish security checkpoints with instructions

Establish Processing Center in Training Center until trailer arrives.

Send supplies and equipment to site

Activate backup support for Processing Center and Administration area

Report to Administration and Logistics staging area if the staging area is used by the Recovery manager.

If staging areas are not used, report to site.

APPENDIX A-6
PAGE 2 OF 2

R. N. Johnson - Send Medical Team and supplies to site

Stay in office in close contact with the A & L staging
area if Recovery manager uses Staging areas
If staging areas are not used, report to site.

B.0 ADMINISTRATION DIRECTOR

B.1 PURPOSE

To provide general administrative office support and supplies.

B.2 MAJOR FUNCTIONS

B.2.a Coordinates training meetings

B.2.b Provides Site layouts

B.2.c Provides office supplies and equipment including flashlights, batteries, clocks, telecopiers, etc.

B.2.d Provides photography services and cameras

B.2.e Provides secretarial/clerical services

B.2.f Provides telephone call-up list for Administration and Logistics Team

B.2.g Provides on-site newsletter

B.2.h Provides nametags and placecards

B.2 i Initiates audit of plan and distributes revisions

B.3 MEMBERS OF GROUP

Following is a list of people assigned primary or alternate responsibilities under the plan. Alternates are required to be as knowledgeable as the primary.

B.3.a PRIMARY (DIRECTOR)

Sharon Friday

B.3.b ALTERNATES

Beth Benton
Brenda Albertson
Brenda Walker
Alta Furr

B.4 ADDITIONAL PERSONNEL REQUIRED

Secretarial/clerical support will be necessary during a crisis situation. Appendix B-1 is a list of people who can be utilized in this area.

B.5 ARRIVAL AT SITE

Upon arrival at the site, each member of the Administration staff will immediately report to the Central Processing Center to register. Division of initial duties is as follows:

- Person #1: (1) Responsible for setting up copy machines.
(2) Responsible for getting a telecopier to Data Coordinator.

- Person #2: (1) Responsible for setting up supplies in Administration and Logistics Room.
(2) Responsible for distributing placecards in Recovery Manager's office.
(3) Responsible for distributing disposable ashtrays.
(4) Ocone only - Relieve receptionist periodically.

- Person #3: (1) Responsible for getting typewriter to Accommodations Group.
(2) Responsible for personnel needs of Accommodations.

Person #4: McGuire

- (1) Responsible for needs of switchboard operator.
(2) Responsible for telecopier and typewriter needs of Corporate Communications.

Ocone

- (1) Maintain receptionist's desk and take care of normal Training Center calls by explaining drill/emergency situations.
(2) Perform typing as required by Administration Group.

Person #5: Ocone only

Responsible for secretarial/clerical needs
of State/County Public Information
Officers.

B.6 EQUIPMENT REQUIRED TO PERFORM DUTIES

Office supplies will be provided as shown in Appendix B-2 by the Director or designee. Appendix B-3 lists office equipment availability within the Duke system and the order of arrival at the jobsite. This list encompasses equipment required by all areas of the Crisis Management Team.

B.7 OFFICE SUPPLY COMPANIES - LOCAL

Local Office Supply Companies are listed in Appendix B-4 for any additional supplies we may need.

B.8 DUKE POWER RETAIL OFFICES

A list of all Duke Power district offices in North and South Carolina is included in Appendix B-5. It may be necessary to obtain more assistance than already designated from these offices concerning office equipment, supplies, clerical personnel and other human resource needs.

B.9 FACILITY LAYOUT

Appendix B-6 shows the layout of the sites during a crisis. The commissary area, trailer setup, parking areas and heliport are indicated.

B.10 PHOTOGRAPHY SERVICES

Following are sources for photography services in addition to the cameras and supplies maintained in the Administration and Logistics office.

General Office: Tom Somers (Construction Department)
Work Phone
Home Phone

McGuire: Jim Reynolds
Work Phone
Home Phone

Ocone: Coleman Jennings
Work Phone
Home Phone

B.11 NEWSLETTER

An on-site newsletter will be issued by this group as required concerning service information.

B.12 TELEPHONE CALL-UP LIST

Each member of the Administration and Logistics Team is responsible for notifying the Director of Administration or designee of any changes in home, alternate or work telephone numbers. A copy of the telephone call-up list is included as Appendix B-7.

The method of notification using this list is as follows:

J. T. Moore will contact R. H. Lynn and R. F. Smith who will follow the lines to contact the remaining team members. If a team member is unavailable at their home, work, or alternate telephone numbers; the caller will be responsible for contacting the people that team member was to contact.

B.13 INVENTORY OF SUPPLIES

Within two weeks after the completion of a drill, or crisis, an audit will be performed on the office supplies and equipment stored in the Crisis Management Closet. At that time the quantities that are low will be replenished. A check list showing required quantities will be provided.

B.14 RECORDS FOR ADMINISTRATION AND LOGISTICS TEAM

Files are maintained in the Administration Director's office as follows:

- B.14.a Historical files
- B.14.b Expenses
- B.14.c Requisitions
- B.14.d Correspondence - Incoming and Outgoing
- B.14.e Minutes of Meetings
- B.14.f Record of Audits Completed
- B.14.g Logs of Identification Cards, SLED Badges and Manuals

B.15 AUDIT PROCEDURE

Information contained in this section will be periodically .
verified for accuracy in accordance with Section A.8.

COPY MACHINES - Oconee area

1. Oconee SSD
Lane Freeze
Home: [REDACTED]
2. Greenville Retail Office
Rod Dailey
Work: [REDACTED]
Home: [REDACTED]
Willy Crisp
Work: [REDACTED]
Home: [REDACTED]
Wallace Rigdon
Work: [REDACTED]
Home: [REDACTED]

These three people have 24-hour access to the Greenville Retail Office and can transport supplies to the Liberty Retail Office if required.

3. E. O. Ferrell, III - Dist. Mgr. Anderson District
Office: [REDACTED]

Alternate: Walker Pickens, Marketing Manager
Office: [REDACTED]
Home: [REDACTED]

Mr. Ferrell is able to draw from Duke Power in Pendleton, Clemson, etc. Type of machines available are: Xerox, Thermofax and Portable Blueprint (self-contained, no venting required).

ID CAMERAS - Two required initially

1. Accommodations Trailer
2. Louise Watson
General Office Personnel
[REDACTED]
3. Maudice Livingston
McGuire Training Center
[REDACTED]
4. Roger Nichols
Oconee Nuclear Station
[REDACTED]

OFFICE EQUIPMENT

LINEMAN'S SPOTLIGHT (7½ V)

This light adjusts from spot to flood and can operate continuously for approximately eight to ten hours on one battery.

Also, available from Toddville Warehouse Ned Chavers
Matthew Jackson Pwr Bldg

After hours call watchman first, let it ring until answered. The watchman will secure the person alerted for emergency. This responsible person will then call and receive the necessary instructions and make the arrangements to fill the emergency. The watchman is not allowed to take instructions but only to secure a responsible person, thus eliminating the necessity for an outsider to make numerous calls trying to locate someone.

In the event this does not prove satisfactory, calls may then be directed in sequence as listed below:

1. M. L. Hall
2. J. P. Collins
3. Benny Miller
4. Matthew Jackson
5. Charles Spry
6. Warren Baker
7. Ned Chavers
8. Wm. K. Meeks

There is a distribution center in the Greenville area where additional items can be obtained by contacting the same individuals listed above.

CAMERAS (2-Poloroid and 2-35 mm required initially)

1. Frank Boyce - Design Engineering - General Services extension [REDACTED]
2. Bob Hollis - Mill Power extension [REDACTED] (1 - Poloroid)
3. Jim Parker - Construction Services extension [REDACTED]

Film is maintained by each of these individuals

BASE DICTAPHONE (Cassette Type) TRANSCRIBER (1 required initially)

1. Margaret Hunt - Mill Power, extension [REDACTED] (1)
2. Ruth Helms - Mill Power, extension [REDACTED] (1)

PORTABLE DICTATING UNIT (1 required initially)

1. Sharon Friday - Mill Power, extension [REDACTED]
2. Katherine Murphy - DE Electrical, extension [REDACTED] (2 or 3)

TELECOPIERS

(3 required initially for McGuire; 2 required initially for Oconee)

- 1 - NRC
- 1 - Data Coordinator
- 1 - Corporate Communications (McGuire only)

1. Crisis Management Closet
2. Legal and Finance - maintained in CMT Closet
3. McGuire Construction or Oconee SSD
4. John Simmons - extension [REDACTED]

TYPEWRITERS

(7 required initially for McGuire; 3 required initially for Oconee)

- 2 - Court Recorders
 - 1 - Administration & Logistics Office (McGuire only)
A&L will use receptionist typewriter at Oconee
 - 2 - Corporate Communications (McGuire only)
 - 1 - Lobby Accommodations Group (McGuire only)
 - 1 - Spare
- (Note: 2 typewriters are maintained for the Accommodations group in their trailer)

1. McGuire Training Center - Maudice Livingston [REDACTED] (5)
2. Brenda Walker - Stationery Dept, extension [REDACTED]
3. Oconee SSD - Danny Powell (1)
4. Alta Furr - Purchasing, extension [REDACTED]
5. McGuire Construction (1)

C.0 ACCOMMODATIONS DIRECTOR

C.1 PURPOSE OF GROUP

This position provides the initial support requirements of the Crisis Management Team.

C.2 MAJOR FUNCTIONS

C.2.a Registers incoming personnel

C.2.b Provides general employee training

C.2.c Provides hotel/motel accommodations

C.2.d Assists with airline arrangements

C.3 MEMBERS OF GROUP

Following is a list of people assigned primary or alternate responsibilities under the plan. Alternates are required to be as knowledgeable as the primary.

C.3.a PRIMARY (DIRECTOR)

Grady Allen

C.3.b ALTERNATES

Ben Taylor
Bill Watson
Sandi Fallowes
Jane Hart
Jim Smith
Terry Pope
Cissy Wood
Janice Few

C.4 ADDITIONAL PERSONNEL REQUIRED

Additional personnel will be required in the clerical/secretarial area. Initially, members from the Administrative Group will assist in the performance of these functions.

C.5 ARRIVAL AT SITE

The Accommodations director will immediately begin staffing the registration operation.

C.6 EQUIPMENT REQUIRED TO PERFORM DUTIES

C.6.1 McGuire Nuclear Station

- 2-ID Cameras
- 3-Typewriters

C.6.2 Catawba Nuclear Station

- 2-Typewriters
- 2-ID Cameras

C.7 INTERFACING WITH PLANT SECURITY

Plant Security is responsible for people entering the project area in accordance with crisis team identification cards made by Accommodations. Plant Security will allow only people with these cards to enter. Reference Sections C.8.a and K.7.

C.8 CENTRAL PROCESSING CENTER

Accommodations will begin registering people in the Central Processing Center and performing general employee training when the perimeter security points are established upon site evacuation.

C.8.a REGISTRATION

C.8.a.1 All persons (with the exception of NRC, P10 or Duke Power personnel with red dot identification cards) not stationed at the site will be required to register. The Accommodations Group will screen these people to determine whether they are Duke or Non-Duke employees; whether they are on the permanent crisis team or responding to a summons; who requested them; where/to whom they are to report; and whether there are any prior arrangements to authorize entry. All groups requesting additional personnel not on the permanent crisis team will submit to the Accommodations Group a listing of the personnel, and a statement authorizing their entry prior to arrival. Personnel not on an approved list will be delayed during processing.

In order to expedite registration, permanent team members are issued an initial supply of registration forms by Group Directors and

requested to replenish their supply during processing at the drill/emergency.

Temporary personnel passing screening will be distributed a Registration Form. These forms will be completed, checked for accuracy, and identification cards issued if necessary.

C.8.a.2 Permanent site personnel requiring access for normal scheduled work will be coordinated by the Plant Manager and Security.

C.8.a.3 The Crisis News Director and staff will register and provide identification for the news media.

C.8.b TRAINING

During registration, each person will be given information concerning processing steps, parking information, meal schedule, etc. See Appendix C-1.a and C-1.b for examples of training packages to be used.

C.8.c REQUEST FOR DUKE POWER CRISIS MANAGEMENT TEAM IDENTIFICATION CARDS

Directors requesting additional permanent team member(s) will complete Appendix C-2. This form can be obtained from the Crisis Management Manager(s).

C.8.d IDENTIFICATION CARDS

Appendix C-3 contains examples of the cards which allow access to the area surrounding the plant during a crisis situation. Each employee on the Crisis Management Team has the appropriate permanent Duke Power identification card illustrated.

For employees not on the Crisis Team and personnel outside Duke Power (with the exception of NRC or P10 personnel), identification cards will be made in the Central Processing Center. Each person must wear their identification cards at all times while on site. Plant Security will be responsible for admitting personnel into the restricted area and for determining the identification required to obtain access there.

Employees who have the Crisis Management Team identification cards will be required to return the cards and have regular identification cards made upon removal from active Crisis Management Team membership.

Each manager from each group or designee will be responsible for insuring this procedure is followed.

C.8.e. SLED PASS/BADGE CARDS

Accommodations Group will maintain log of South Carolina Law Enforcement Division Passes/Badges provided to the Crisis Management Team in accordance with Section K.10.b.

C.8.f FORMS

Appendix C-4 Individual Register- To be used for general information, work location, and telephone number.

Appendix C-5 Motel Space Availability- To be used for recording availability of rooms in the area when motels are contacted.

Appendix C-6 Motel Room Assignment- To be used in assigning individuals to motels upon request. The policy will be to assign one (1) person per bed per room.

Appendix C-7 Motel Verification- To be issued to persons requesting motel accommodations for presentation to the motel upon check-in. Authorization will be by a member of the Accommodations Group.

Appendix C-8 Air Travel Request- To be used for requesting the Accommodations Group to provide airline arrangements.

Appendix C-9 Air Travel Request Log- To be used in listing all airline arrangements made by the Accommodations Group.

C.9 LODGING

Upon arrival at the site, the Accommodations Group will assess the lodging requirements. On the basis of this assessment, hotels/motels will be contacted as required for reservations. It is the responsibility of this group to make the decision concerning room assignments. Appendices C-10 (Ocone) and C-11 (McGuire) list hotels/motels availability. Appendix C-12 lists armories in the vicinity.

C.10 AIRLINE RESERVATIONS

Appendix C-13 lists phone numbers of various airlines in the area. The Accommodations Group will provide assistance as requested in obtaining airline reservations.

C.11 AUDIT PROCEDURES

The entire Accommodations Section will be periodically verified for accuracy in accordance with Section A.8 of this manual.

TRAINING PACKAGE

OCONEE NUCLEAR STATION

Registration Information

1. Complete the Individual Register Form
2. Have identification card made, if needed.
3. Give Individual Register Form to Accommodations Group.
4. Obtain Hotel/Motel accommodations, if required, from the Accommodations Group. A Motel Verification Form will be provided with the motel name and room number to which you are assigned. This form will be signed by a member of the Accommodations Group and must be presented to the motel at check-in.
5. Report to Security at Checkpoint 1.

This package contains information which will be helpful to you during this assignment. Enclosed are maps, layouts of the site, location of supplies, names of contacts in the Administration and Logistics area who will be responsible for providing various services, parking instructions, and transportation instructions.

Members of the Accommodations Group and their staff will assist you in obtaining lodging, registration, general training, and airline reservations. Permanent members of this group are listed below:

Grady Allen
Jim Smith
Ben Taylor
Bill Watson
Sandi Fallowes
Jane Hart
Terry Pope
Cissy Wood
Janice Few

GENERAL INFORMATION

Parking

Parking lots are available for use both at the Training Center (Crisis Management Center) and the Visitor's Center (Crisis Management News Center). Parking at the site is limited, and personnel should leave their cars at the Training Center or Visitor's Center parking lots and walk to the station.

Hard Hats and Safety Glasses

These items are distributed by Security personnel at the Station Personnel Access Portal (PAP).

Radiation Monitors

These will be distributed by Health/Physics Group.

Cameras and Photography Service

Cameras are available for checkout from the Administration and Logistics Group. Photography Service will also be obtained through this group.

Lost and Found

Contact the Administration and Logistics Group.

Mail

Mail should be taken to the Administration and Logistics Office at the Training Center for distribution.

Telephone Directories

Telephone directories which include instructions on telephone usage are available in Administration and Logistics Group.

Telecopier and Copier Locations

These are located at the Training Center.

Office Supplies and Equipment

These items will be distributed by the Administration and Logistics Group.

Clerical/Secretarial Needs

These functions are handled by the Administration and Logistics Group on a pool basis.

Newsletter

Any information to be included in the newsletter should be given to the Administration and Logistics Group.

Meal Schedule

The meal schedule is posted in the Mess Tent. Coffee and drinks are available at all times.

Access to Oconee

Access to the Oconee Nuclear Station will be coordinated with the Crisis Management Security Coordinator; however, authority to grant access lies with station management. Those granted access will enter the station through Checkpoint 3.

Medical Assistance

Medical aid is available in the Training Center. See attached map for location.

ADMINISTRATION AND LOGISTICS CONTACTS

A. General Information - Contact managers listed below:

- | | | |
|----------------|------------------|-------------------------|
| 1. J. T. Moore | 4. S. M. Kessler | 7. C. N. Alexander, Jr. |
| 2. R. F. Smith | 5. E. D. Morton | 8. D. S. Moss |
| 3. R. H. Lynn | 6. R. N. Johnson | |

B. Administration - Provides office supplies and equipment and secretarial support:

- | | | |
|-----------------|--------------------|---------------|
| 1. S. H. Friday | 3. B. C. Walker | 5. A. H. Furr |
| 2. J. E. Benton | 4. B. J. Albertson | |

C. Accommodations - Performs functions concerning registration, employee training, airline and motel/hotel arrangements:

- | | | |
|-------------------|-----------------|---------------|
| 1. G. L. Allen | 4. B. E. Taylor | 7. Terry Pope |
| 2. J. E. Smith | 5. W. J. Watson | 8. Cissy Wood |
| 3. S. P. Fallowes | 6. J. S. Hart | 9. Janice Few |

D. Communications - Provides telephone requirements, special radio requirements:

- | | | |
|-------------------|-----------------|-------------------|
| 1. Craig Tompkins | 3. Rick Morrow | 5. Eugenia Taylor |
| 2. B. B. Baber | 4. Jesse Harris | |

E. Purchasing - Provides functions as the recovery organization purchasing agent with responsibility for contract negotiation/administration and material control:

- | | | |
|------------------|----------------------|-----------------|
| 1. Bob Morehead | 3. Bill Turner | 5. Dean Dobbins |
| 2. Hooper Miller | 4. Leonard McPherson | |

F. Finance - Responsibility of administering the petty cash fund and expense accounts and providing the handling of payroll matters:

- | | | |
|-------------------|------------------|---------------------|
| 1. W. E. Harbin | 3. James McClure | 5. G. R. Patterson |
| 2. Dorothy Peeler | 4. Pete Chagaris | 6. Richard Lavender |

G. Commissary - Provides food, tents, toilets and trash cans for the entire recovery organization:

- | | | |
|-------------------|------------------|----------------|
| 1. D. E. Faulkner | 2. Dennis Searce | 3. K. B. Jones |
|-------------------|------------------|----------------|

APPENDIX C-1.a
PAGE 5 OF 8

H. Human Resources - Provides additional manpower requirements.

- | | | |
|-------------------|-------------------|---------------|
| 1. Mike Lenderman | 4. R. A. Price | 7. Bob Via |
| 2. R. G. Moore | 5. G. E. Wilson | 8. Terry Hunt |
| 3. D. W. Phillips | 6. S. W. Dressler | |

I. Transportation - Covers many areas of the recovery operation from the initial establishment of a base operation, ground preparation, trailer delivery and setup to continued personnel and material movement throughout the recovery period.

- | | |
|------------------|-------------------|
| 1. Marion Wilson | 3. Charles Bostic |
| 2. M. F. Bowen | 4. John Puett |

J. Medical Support - Furnishes medical assistance.

- | | | |
|----------------|-----------------|--------------|
| 1. Jack Huskey | 3. J. Edwards | 5. Bob David |
| 2. R. S. Dugan | 4. T. R. Miller | 6. Ted Roach |

K. Security - Responsible for providing and implementing the overall security plan and procedures to be followed in the event of a crisis:

- | | | |
|-----------------|-------------------|------------------|
| 1. Mike Hagee* | 3. Randy Cross*** | 5. Jim Roach |
| 2. Ted Konkle** | 4. Gary Jolly | 6. Jim Davis |
| | | 7. Keith Shannon |

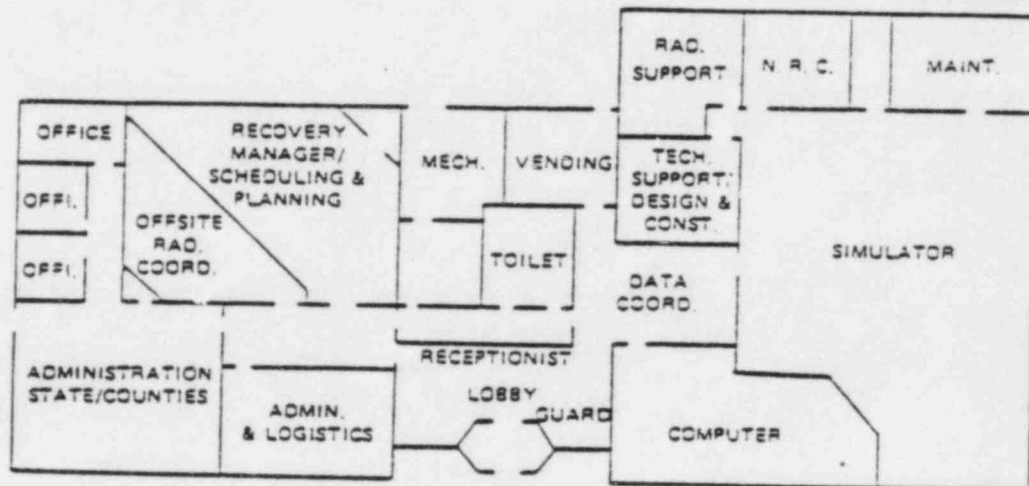

*McGuire Primary
**Oconee Primary
***Catawba Primary

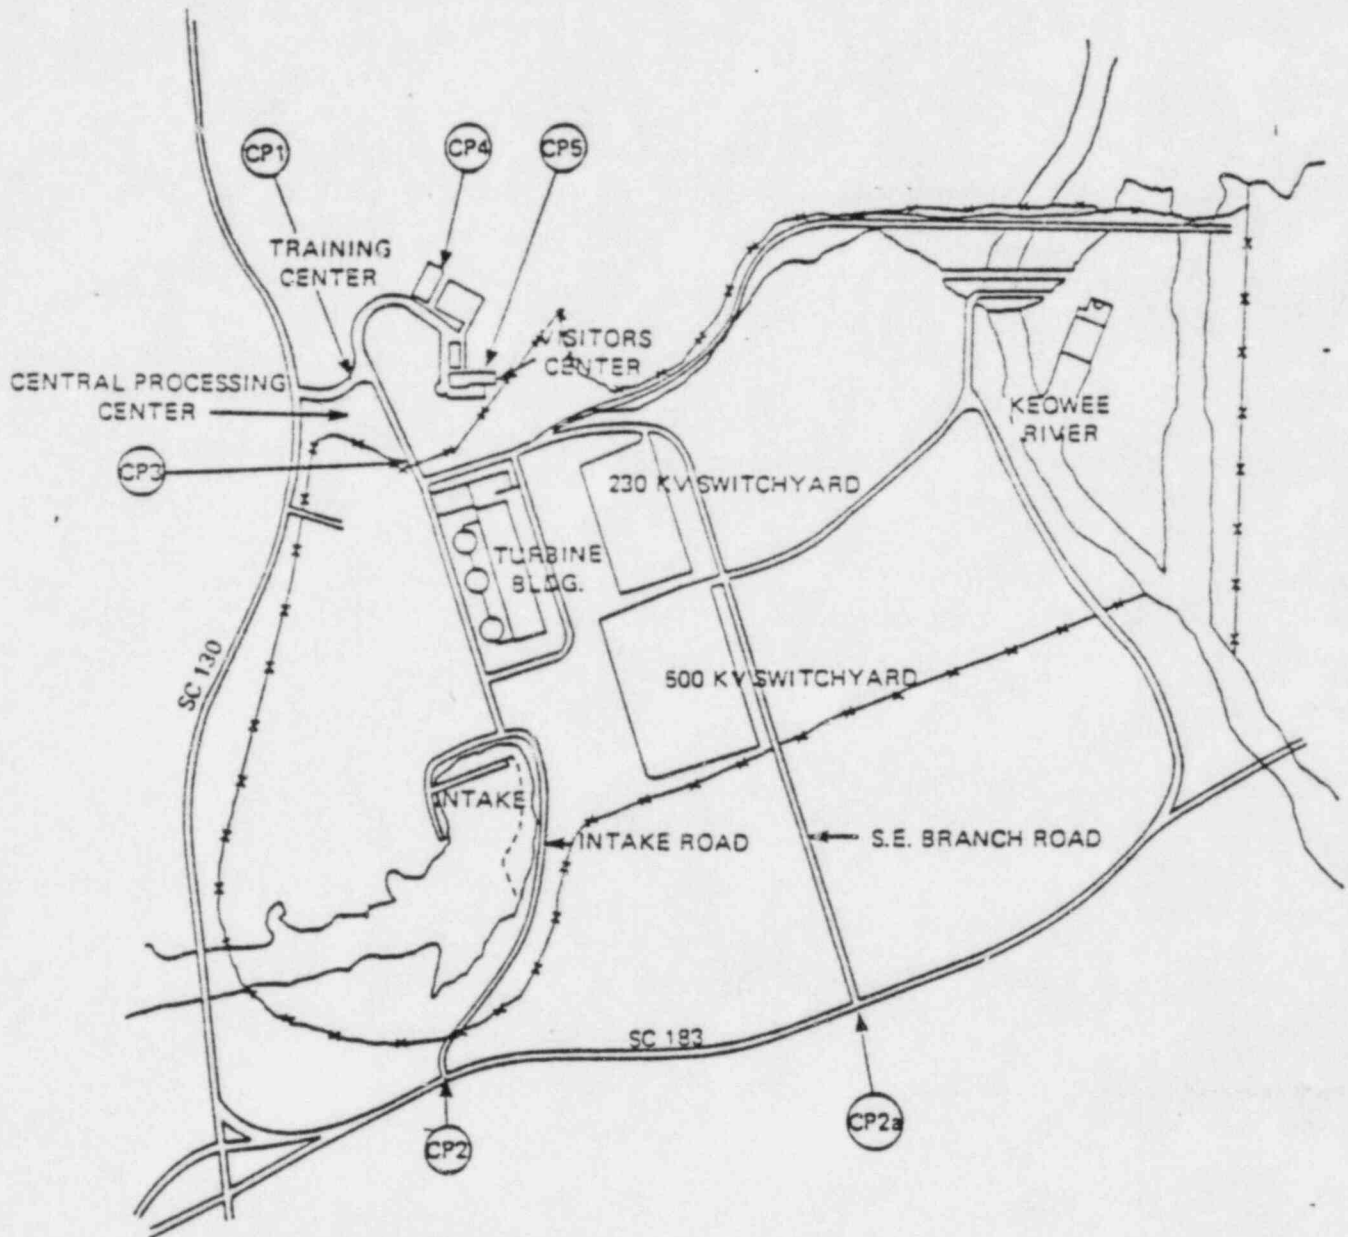

L. Insurance - Will be the liaison between Duke and the insurance companies. This group will interface with other crisis management groups in providing assistance needed by the insurance companies:

- | | |

GENERAL INFORMATION

Parking

Parking on the site is limited. You are encouraged to use the shuttle service provided and leave your car parked at the Central Processing Center. Those who must take their cars to the Training Center because they have some equipment to unload are to explain this to Security at Checkpoints 1 and 3. As soon as the equipment is unloaded, please move your car to the parking lot near Checkpoint 3 or the parking area at the Central Processing Center.

Shuttle Bus Service

A shuttle bus will run to and from parking areas every fifteen minutes. See map for route.

Hard Hats and Safety Glasses

These items are distributed Security personnel at Checkpoint 5.

Radiation Monitors

These will be distributed by Health/Physics Group.

Cameras and Photography Service

Cameras are available for checkout from the Administration and Logistics Group. Photography Service will also be obtained through this group.

Lost and Found

Contact the Administration and Logistics Group.

Mail

Mail should be taken to the Administration and Logistics Office on the second floor of the Training Center for distribution.

Telephone Directories

Telephone directories which include instructions on telephone usage are available in Administration and Logistics Group.

Telecopier and Copier Locations

These are located in the hallway on the second floor of the Training Center.

Office Supplies and Equipment

These items will be distributed by the Administration and Logistics Group.

Clerical/Secretarial Needs

These functions are handled by the Administration and Logistics Group on a pool basis.

Newsletter

Any information to be included in the newsletter should be given to the Administration and Logistics Group.

Meal Schedule

The meal schedule is posted in the Mess Tent. Coffee and drinks are available at all times.

Access to McGuire

Persons requiring access to McGuire Nuclear Station are requested to use the shuttle bus service available from the Crisis Management Center. Entrance to the station will be at Check Point 6 in order to avoid congestion at Check Point 2. Access through Check Point 2 will be permitted only if necessary and will be determined by the Station Security Coordinator.

H.0 HUMAN RESOURCES DIRECTOR

H.1 PURPOSE

This position fulfills the personnel needs of the recovery organization both in technical and craft disciplines.

H.2 FUNCTIONS

H.2.a Provides personnel necessary to establish facilities and park cars

H.2.b Provides support personnel (clean-up, drivers, etc.)

H.2.c Provides technical and craft personnel upon request

H.2.d. Provides labor relations assistance as required

H.2.e. Insures Heliport preparation

H.2.f. Insures preparation of AUX.PARKING area

H.3 MEMBERS OF GROUP

Following is a list of people assigned primary or alternate responsibilities under the plan. Alternates are required to be as knowledgeable as the primary.

H.3.a PRIMARY (DIRECTOR)

Mike Lenderman

H.3.b ALTERNATES

Terry Hunt
Dave W. Phillips
Bob Moore
G. E. Wilson
R. A. Price
Bob Via
Sam Dressler
T. Larry Crouse

H.4 TECHNICAL AND CRAFT PERSONNEL

Listed below are contacts at Catawba, Cherokee, McGuire, SSD Oconee, SSD Mt. Holly, and System Maintenance Support:

Cherokee

Ray Hollins
M. E. Bailey

H.5 TECHNICAL ASSISTANCE FROM VARIOUS SUPPLIERS OF EQUIPMENT AT OCONEE

Appendix H-1 lists known companies who will provide assistance during a crisis situation.

H.6 TRACTOR TRAILER DRIVERS, EQUIPMENT OPERATORS, FLAT TRUCK DRIVERS, CRANE OPERATORS, VAN AND CARRY-ALL DRIVERS

Refer to Section I.0-Transportation Section

H.7 ELECTRICIANS, BUILDERS, UTILITIES

Initial responsibility of this group is setting up facilities. Coordination with the Commissary Group and the Administration Group will be necessary to determine the initial number of people required.

H.8.a D.O Communication Section contains electrical requirements for communication and initial set-up.

H.8.b Builders and utility personnel requirements will be met initially through contacts in Section H.2. Additional personnel requirements will be met through the following contacts:

Builders: Dickie Scruggs
Utility: C. K. Williams

H.8 OTHER UTILITY COMPANIES

Appendix E-1 provides a list of other utility companies who may be contacted for assistance.

Department. As the recovery effort is underway, a list of stations and distributors where fuel may be obtained will be compiled by transportation personnel and appropriate credit arrangements established through administrative channels.

I.10 AUDIT PROCEDURE

Information contained in the Transportation Section will be periodically checked for accuracy in accordance with Section A.8 of this manual.

J.5 FIRST CALL-OUT

Upon notification of alert, the Medical Support Group will assemble at predetermined sites to prepare to proceed to the location of the crisis. Prepackaged supplies at Catawba will be loaded and transported to the location of the crisis if deemed necessary.

Ambulances will be fully equipped as required by North and South Carolina.

The van will have the following items in addition to pre-boxed supplies:

- 1 trauma kit
- 1 first aid kit
- 1 long spine board
- 1 short spine board
- 2 sand bags with sand
- 1 folding stretcher

J.6 INSTRUCTIONS FOR MEDICAL SUPPORT TEAM

Catawba will bring the vehicles as deemed necessary by the Director, Medical Support Group. Quarterly or after each drill, an inventory of supplies will be made to assure useability and availability. Boxes will be numbered in order of need, as determined by the primary nurse. An inventory of each box will be made with one copy in each box and a master inventory list of all boxes kept in box number one. A copy of supplies and inventory checks will be given to materials handling supervisor and Construction Safety G.O. All dated items will be replaced in the inventory before their expiration date.

J.7 FACILITY AND EQUIPMENT REQUIREMENTS

J.7.a. Building or trailer for First Aid Station

J.7.b Crystals for radios for direct contact with local hospital emergency rooms

J.8 RESUPPLY OF FIRST AID TEAM

Additional supplies are available at the Toddville Center within 24 hours, or at local first aid supply companies. Agreements with vendors are shown in Appendix J-2.

J.9 RADIATION ASSISTANCE

U. S. Department of Energy offers radiation assistance through the Regional Coordinating Offices for Radiological Emergency Assistance shown below:

Oak Ridge Operations Office
P. O. Box E
Oak Ridge, Tennessee 37830

Savannah River Operations Office
P. O. Box A
Aiken, South Carolina 29801

K.0 SECURITY DIRECTOR

K.1 PURPOSE

The Security Group, a part of the Administration and Logistics Team, is responsible for providing and implementing the overall security plan and procedures to be followed in the event of a crisis.

K.2 MAJOR FUNCTIONS

K.2.a Coordinates Local Law Enforcement activities for the Crisis Management Center.

K.2.b Coordinates contacts with the State Highway Patrol located with the State Emergency Response Team (SERT) at the Air National Guard Facility, Charlotte, N.C., or the State Highway Patrol and South Carolina Law Enforcement Division (SLED) located at the State Emergency Operations Center at the National Guard Armory, Clemson, SC.

K.2.c Establishes and maintains security checkpoints.

K.3 MEMBERS OF GROUP

The Security Director shall have the overall responsibility and authority for implementing the Crisis Management Security Plan and Procedures in the event of a crisis at any operating nuclear station. Reporting to the Security Director is the Assistant Director. The Assistant Security Director is assigned to a specific nuclear station and is responsible for directing detailed physical security activities during a crisis. In the Security Director's absence, the Assistant Security Director may assume the responsibility and authority of the Security Director.

Following is a list of people assigned responsibilities under the plan. Individuals listed as alternate Assistant Security Directors are required to be as knowledgeable as the designated Assistant Security Director. Alternate Assistant Security Directors, if needed, shall be assigned responsibility and authority as deemed necessary by the Security Director.

K.3.a SECURITY DIRECTOR

Randy Cross - Nuclear Production Department
Nuclear Security Unit (NSU)
Coordinator of Nuclear Operations

K.3.b ASSISTANT SECURITY DIRECTORS

Mike Hagee (McGuire) - Nuclear Production Department
NSU
Coordinator of McGuire
Operations

Ted Konkle (Ocone) - Nuclear Production Department
NSU
Coordinator of Ocone Operations

Keith Shannon (Catawba) - Nuclear Production Department
NSU
Coordinator of Catawba Operations

K.3.c ALTERNATE ASSISTANT SECURITY DIRECTORS

Gary Jolly - Construction Department
Personnel
Personnel Supervisor

Jim Davis - Nuclear Production Department
NSU
Supervisor

K.4 ADDITIONAL PERSONNEL

Manpower needs will be provided by security personnel at the site as additional security manpower becomes available. Total additional personnel required shall consist of: McGuire - 9 Nuclear Security Force Officers and 1 Nuclear Security Force Sergeant per shift; Ocone - 8 Nuclear Security Force Officers and 1 Nuclear Security Force Sergeant per shift.

Local law enforcement personnel may be utilized if circumstances dictate a need for their assistance.

K.5 IMPLEMENTATION OF CHECKPOINTS

Checkpoints 1 and 2 shall be established by station security personnel when the event or exercise is declared. Remaining checkpoints shall be established as additional station security personnel become available as addressed in Section K.4. Checkpoints 1 and 2 will be augmented by local law enforcement personnel should traffic conditions dictate.

The Crisis Management Security Director shall be responsible for security within the owner controlled area. Appendices K-1 and K-2 depict the location of the checkpoints for both McGuire and Ocone. Supervision of the checkpoints shall be provided by a Nuclear Security Sergeant operating within his normal chain of command until the arrival of the Crisis Management Security Director or Assistant Security Director.

K.6 REQUIREMENTS FOR ADMISSION THROUGH EACH CHECKPOINT

K.6.a MCGUIRE NUCLEAR STATION

K.6.a.1 CHECKPOINT 1

Located at the intersection of the construction entrance and Highway 73, Checkpoint 1 shall be manned by two nuclear security officers.

Prior to establishment of the Central Processing Center, (Accommodations Registration) individuals with Crisis Management identification cards (See Appendix K-3) shall be allowed access through Checkpoint 1 and logged by security personnel (See Appendix K-4). News media personnel, excluding Public Information Officers (PIO's), shall not be allowed access until the Security Director or Assistant Security Director has been notified that the Crisis News Center is manned by Duke Power personnel. News media personnel shall be logged by the Checkpoint 1 security officer until the establishment of the Central Processing Center (News Media Registration).

In addition, key Crisis Management Personnel, Nuclear Regulatory Commission (NRC) personnel and Public Information Officers (PIO's) shall be allowed access through Checkpoint 1 without any registration requirements in order to expedite their entrance into the Crisis Management Center. The Checkpoint 1 security officer shall verify identification (See Appendix K-3) and log individuals using Appendix K-4. The log maintained by the Checkpoint 1 security officer shall be made available to Registration personnel upon request. Key Crisis Management personnel, NRC personnel, and PIO's shall not be required to process through the Central Processing Center during the crisis.

When the Central Processing Center is established and operational, the Crisis Management Security Director or designee shall notify Checkpoint 1 and personnel shall no longer be logged (excluding key Crisis Management personnel, NRC personnel and PIO's). All personnel, except for the above listed exceptions, shall be directed to the Central Processing Center (Accommodations or News Media Registration) for registration before admittance shall be allowed. As stated previously, the log shall be made available to Registration personnel upon request.

At the Central Processing Center, Crisis Management identification cards shall be marked with a colored dot (color to be determined by the Accommodations

Group Director for each exercise or event) in the upper left hand corner to signify completion of registration. News media personnel shall be identified by a Duke Power Company News Media badge.

K.6.a.2 CHECKPOINT 2

Located at the Nuclear Production entrance road and Highway 73, Checkpoint 2 shall be manned, at minimum, by one nuclear security officer.

Only those personnel with picture identification station security badges and Nuclear Regulatory Commission (NRC) personnel are normally allowed access thru Checkpoint 2. Personnel without picture identification station security badges may be allowed access thru Checkpoint 2 if a specific need to access the station is established, as determined by the Station Manager or designee. If a specific need for access is not established, access thru Checkpoint 2 shall be denied and these individuals shall be directed to the Crisis Management Security Director or Assistant Security Director at the Crisis Management Center for station access.

Normally, non-station Crisis Management Team members should not utilize Checkpoint 2 for entry into the station but should utilize Checkpoint 6 via the Crisis Management Center.

Identification of station personnel shall be made by personal recognition or by comparison to the picture identification station security badge logs maintained at McGuire. Identification of NRC personnel shall be made by verifying NRC identification (See Appendix K-3).

The station manager or designee shall determine the necessity for a sign-in log at Checkpoint 2.

K.6.a.3 CHECKPOINT 3

Located at the Technical Training Center entrance road, Checkpoint 3 shall be manned, at minimum, by one nuclear security officer.

The security officer at Checkpoint 3 shall direct Crisis Management, News Media, PIO's and NRC personnel to the Crisis Management Center. All other personnel shall be directed to their appropriate area.

K.6.a.4 CHECKPOINT 4

Located at the main entrance to the Technical Training Center, Checkpoint 4 shall be manned, at minimum, by one nuclear security officer. The security officer shall allow access to only those personnel who have a green or red dot in the upper right hand corner of their Crisis Management identification cards, those personnel who have prior approval of the Crisis Management Security Director or Assistant Security Director, NRC, or PIO personnel. News media personnel shall be directed to Checkpoint 5.

K.6.a.5 CHECKPOINT 5

Located at the rear door of the Technical Training Center, Checkpoint 5 shall be manned, at minimum, by one nuclear security officer.

The security officer shall allow access to only those Crisis Management personnel who have a green or red dot in the upper right hand corner of their Crisis Management identification cards, NRC, or PIO personnel. The security officer shall direct news media personnel to the Crisis News Center (2nd Floor).

K.6.a.6 CHECKPOINT 6

Located at the construction access gate, Checkpoint 6 shall be manned, at minimum, by one nuclear security officer.

The security officer shall allow access to only Crisis Management personnel authorized by the Crisis Management Security Director.

K.6.b OCONEE NUCLEAR STATION

K.6.b.1 CHECKPOINT 1

Located on the Main Entrance Road adjacent to the Central Processing Center, Checkpoint 1 shall be manned by two nuclear station officers.

Prior to the establishment of the Central Processing Center (Accommodations Registration), individuals with Crisis Management identification cards shall be allowed access through Checkpoint 1 and logged by security personnel (See Appendix K-4). News media personnel, excluding Public Information Officers (PIO's), shall not be allowed access until the Security Director or Assistant Security Director has

been notified that the Crisis News Center is manned by Duke Power Company personnel. News media personnel shall be logged by the Checkpoint 1 security officer until the establishment of the Central Processing Center (News Media Registration).

In addition, key Crisis Management personnel, Nuclear Regulatory Commission (NRC) personnel, and Public Information Officers (PIO's) shall be allowed access through Checkpoint 1 without any registration requirements in order to expedite their entrance into the Crisis Management Center. The Checkpoint 1 security officer shall verify identification (See Appendix K-3) and log individuals using Appendix K-4. The log maintained by the Checkpoint 1 security officer shall be made available to Registration personnel upon request. Key Crisis Management personnel, NRC personnel, and PIO's shall not be required to process through the Central Processing Center during the crisis.

When the Central Processing Center is established and operational, the Crisis Management Security Director or designee shall notify Checkpoint 1 and personnel shall no longer be logged (excluding key Crisis Management personnel, NRC personnel and PIO's). All personnel, except for the above listed exceptions, shall be directed to the Central Processing Center (Accommodations or News Media Registration) for registration before admittance shall be allowed. As stated previously, the log shall be made available to Registration personnel upon request.

At the Central Processing Center, Crisis Management identification cards shall be marked with a colored dot (color to be determined by the Accommodations Group Director for each exercise or event) in the upper left hand corner to signify completion of registration. News media personnel shall be identified by a Duke Power Company News Media badge and shall be directed to the Visitor's Center only.

K.6.b.2 CHECKPOINT 2

Located at the entrance to the Intake Road on S.C. Highway 183, Checkpoint 2 shall be manned by two nuclear security officers.

Only those personnel with picture identification station security badges and Nuclear Regulatory Commission (NRC) personnel are normally allowed access thru Checkpoint 2. Personnel without picture identification station security badges may be allowed access if a specific need to access the station is

established, as determined by the Station Manager or designee. If a need for access is not established, access thru Checkpoint 2 shall be denied and these individuals shall be directed to the Crisis Management Security Director or Assistant Security Director at the Crisis Management Center for station access.

Normally, non-station Crisis Management Team members should not utilize Checkpoint 2 for entry into the station but should utilize Checkpoint 3 via the Crisis Management Center.

Identification of station personnel shall be made by personal recognition or by comparison to the picture identification station security badge logs maintained at Oconee. Identification of NRC personnel shall be made by verifying NRC identification (See Appendix K-3). The Station Manager or designee shall determine the necessity for a sign-in log at Checkpoint 2.

The S. E. Branch Road shall be closed to all traffic by securing the gate at the entrance on S.C. 183. Signs shall be placed on S.C. 183 and S.C. 130 informing all station employees to enter via the Intake Road.

K.6.b.3 CHECKPOINT 2A

In the event the Intake Road is closed due to weather conditions, construction or other considerations, the Intake Road shall be barricaded at the entrance on S.C. 183 and Checkpoint 2A shall be established at the entrance to the S.E. Branch Road on S.C. 183. Checkpoint 2A shall be manned by two nuclear security officers. Access Controls at Checkpoint 2A (established in lieu of Checkpoint 2) shall be the same as those described for Checkpoint 2. Signs shall be placed on S.C. 183 and S.C. 130 informing all station employees to enter via the S.E. Branch Road.

K.6.b.4 CHECKPOINT 3

Located at the Owner-Controlled gate on the Main Entrance Road to the station, Checkpoint 3 shall be manned by one nuclear security officer. The purpose of this Checkpoint is to insure only those personnel with proper identification are allowed access and are directed to their appropriate destination in the station area.

K.6.b.5 CHECKPOINT 4

Located at the main entrance to the Technical Training Center, Checkpoint 4 shall be manned by one nuclear security officer. The officer shall allow access to only those personnel which have a green or red dot in the upper right hand corner of their Crisis Management identification cards, those personnel who have prior approval of the Security Director or Assistant Security Director, NRC or PIO personnel. News media personnel shall be directed to Checkpoint 5.

K 6.b.6 CHECKPOINT 5

Located at the Visitors Center, Checkpoint 5 shall be manned by two nuclear security officers. In the event the Center is closed, one officer shall be positioned at the main entrance to the building and shall direct News Media personnel to their appropriate area on the upper level of the center. The other officer shall be positioned at the kitchen entrance on the lower level of the building and shall insure that only properly identified personnel are allowed access to the Crisis Management News Center (conference room). Both officers shall monitor the stairway to preclude unnecessary traffic between the upper and lower levels of the building.

K.7 ENTRY ASSISTANCE FOR EMERGENCY AND DELIVERY VEHICLES

K.7.a MCGUIRE NUCLEAR STATION

Emergency vehicles and personnel (fire, medical, law enforcement) shall be allowed to enter all checkpoints without displaying any identification.

Delivery vehicles with cargo destined for the station protected area shall enter Checkpoint 2 after the invoices/bill of lading has been checked or a need for access has been established to insure it is a valid delivery. The driver shall not be required to be registered or badged. The vehicle shall be directed to the VAP (vehicle access portal) where station entry procedures shall apply. All other delivery vehicles shall enter Checkpoint 1, where an escort shall be provided by the Accommodations Group. The driver shall not be required to be registered or badged.

K.7.b OCONEE NUCLEAR STATION

Emergency vehicles and personnel (fire, medical, law enforcement) and personnel shall be allowed to enter all checkpoints without displaying any identification.

Delivery vehicles with cargo destined for the station area shall be accessed through Checkpoints 1 and 3 after the invoices/bill of lading has been checked or a need for access has been established to insure it is a valid delivery. The drivers shall not be required to be registered or badged. The vehicles shall be directed to the appropriate location where normal station procedures shall apply.

K.8 ACCESS OF CRISIS/RECOVERY PERSONNEL

K.8.a AUTHORITY TO GRANT ACCESS

The Station Manager or his designee shall authorize access of crisis/recovery support personnel into the station. Those designated by the Station Manager to authorize access include the Acting Station Manager, and Station Group Superintendents. Station section heads shall also have authority to authorize access at Oconee.

K.8.b COORDINATION

When it is necessary for crisis/recovery support personnel to enter the station, coordination for their entry shall be coordinated between the Station Manager or his designee and the appropriate manager in the Crisis Management Center. Flow charts depicting access to the station are contained in Appendix K-5. The appropriate station department shall provide a sponsor for these personnel. The Crisis Management Security Director or Assistant Security Director shall make final coordination for access with the Station Security Officer, Assistant Security Officer or their designees.

K.8.c ACCESS PROCEDURES

K.8.c.1 MCGUIRE NUCLEAR STATION

Crisis/recovery support personnel shall be processed at the Central Processing Center and taken to the Crisis Management Center. Transportation will be provided at the Crisis Management Center to the Administration building for station access. Personnel shall be met by their sponsor and shall be granted access through appropriate station entry procedures. Those personnel not cleared for unescorted access shall be escorted. Escorts will be provided by the sponsoring station department.

K.8.c.2 OCONEE NUCLEAR STATION

Crisis/recovery support personnel shall be processed at the Crisis Management Central Processing Center and taken to the station where they will be met by their sponsor and shall be granted access through appropriate station entry procedures. Those

personnel not cleared for unescorted access shall be escorted. Escorts shall be provided by the sponsoring station department.

K.9 INTERFACE WITH SOUTH CAROLINA LAW ENFORCEMENT DIVISION (SLED) AT OCONEE NUCLEAR STATION

K.9.a SLED AREA LIMITED ACCESS OPERATION

In the event of a crisis at the station, SLED shall on order from the State, establish roadblocks on all roads/highways leading to the site. Three primary roadblocks and four secondary roadblocks shall be established as depicted in Appendix K-6. The roadblocks shall be located at a distance of approximately 2 miles from the station and access to the area limited to only those who have a valid reason for entry.

K.9.b SLED PASS/BADGE ACCESS SYSTEM

A block of vehicle passes/personnel badges shall be issued by SLED to the Station Crisis Management Director who shall establish accountability and issue control procedures. Examples of SLED vehicle passes and personnel badges are contained in Appendix K-7. Passes and badges will be preissued to station personnel who have been identified as being needed at the station in the event of a crisis.

A block of passes/badges shall also be issued by the station to the Crisis Management Accommodations Group Director for use by the Crisis Management Team. The remainder of the passes/badgers shall be retained by the station for issuance to additional required personnel during the course of the crisis.

K.9.c ROADBLOCK ACCESS PROCEDURES

Those personnel/vehicles with pre-issued passes/badges shall be allowed access to the area through all of the SLED roadblocks. Other personnel requiring access shall enter through one of 3 primary roadblocks located as follows:

1. Intersection of SC 183 and S 157
2. Intersection of SC 130 and S 38
3. Intersection of S 201 and SC 183

Crisis Management representatives shall obtain passes and badges from the station and shall be positioned at the 3 roadblocks to issue passes and badges to personnel required at the station. A log of all passes and badges issued shall be maintained. A sample SLED roadblock access log is shown in Appendix K-8. After the first 24 hour period of the crisis the pass and badge issue points may be consolidated into one point located at the State Emergency Operations Center located at the National Guard Armory, Seneca, S.C.

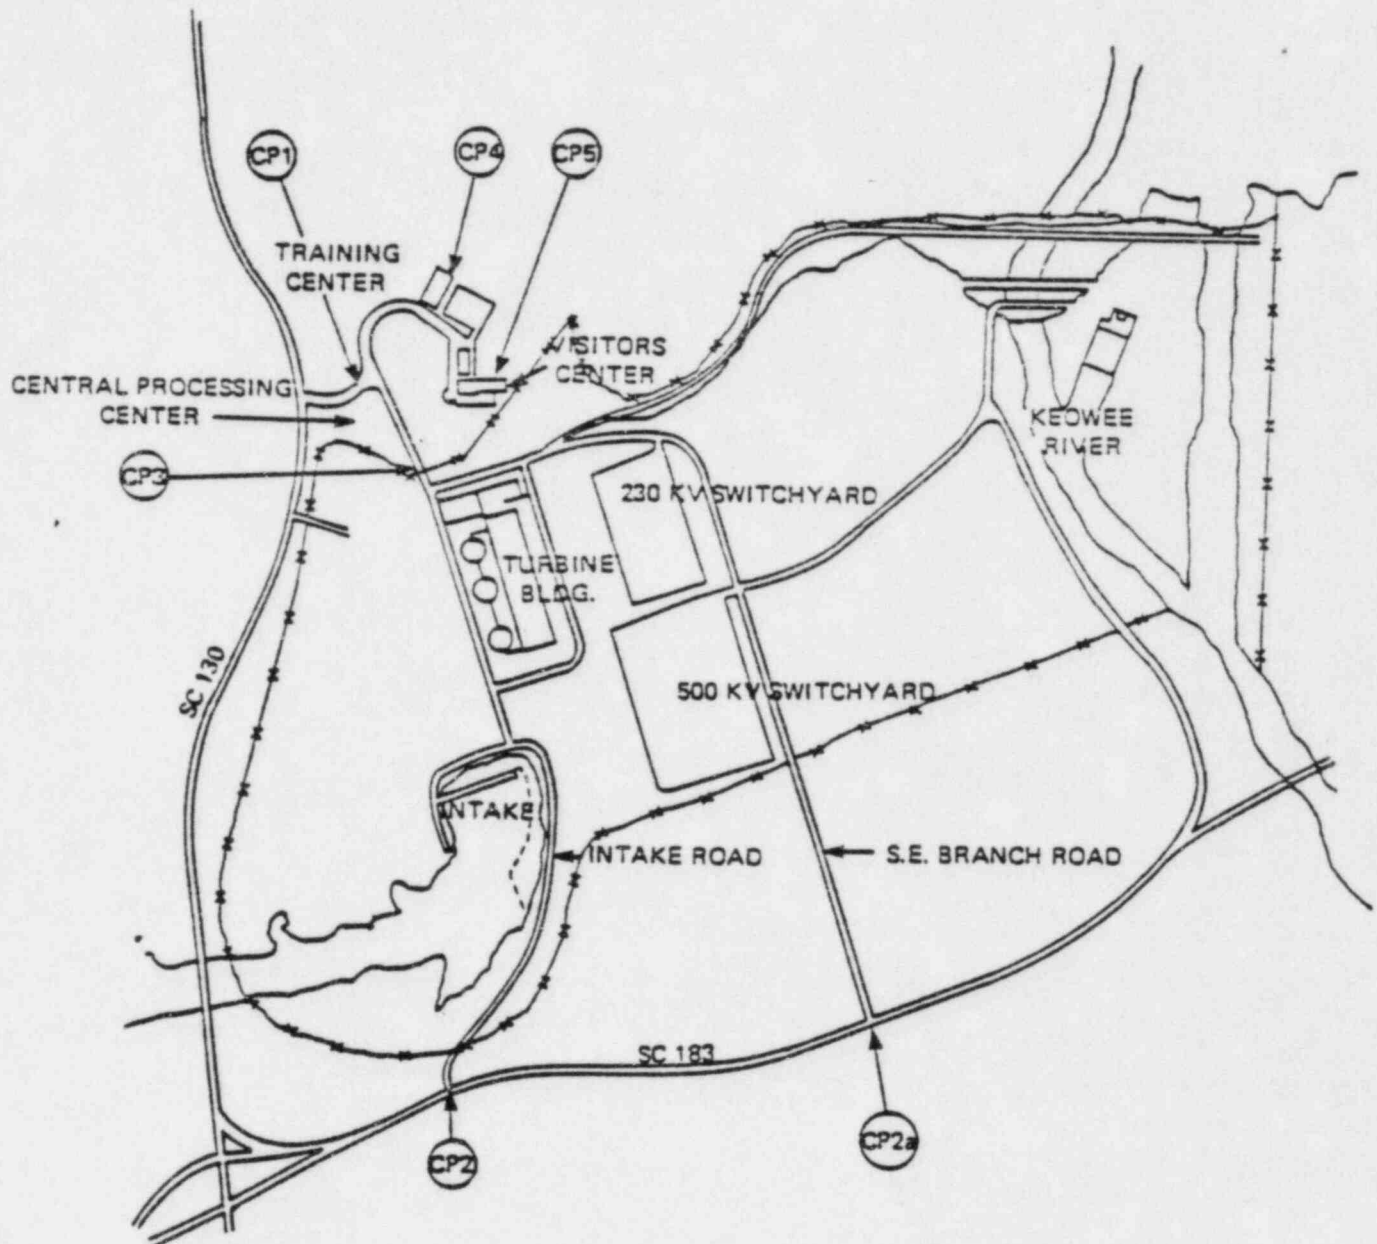

Personnel to man the issue points at the roadblocks and later the EOC, shall be provided by the Administration Group of the Crisis Management Team.

K.9.d COMMUNICATIONS

Communications between the Crisis Management Center and the SLED roadblocks shall be maintained through State EOC.

K.10 AUDIT PROCEDURE

Information contained in this section shall be verified for accuracy in accordance with Section A.8 of this manual.

- CP1 - MAIN ENTRANCE
- CP2 - PLANT EMPLOYEES AND CONSTRUCTION ONLY
- CP2a - ALTERNATE FOR CP2
- CP3 - FINAL ENTRANCE TO STATION AREA
