Dear Mr. Rooney:

Enclosed is an application for an export license (XSNM02616), recently received by the Nuclear Regulatory Commission, for the export of low-enriched uranium for use as fuel for Young-Kwang Unit 1 RL 6 in the Republic of Korea. Assurances from the Government of the Republic of Korea are required that the material will be subject to all of the terms and conditions of an agreement for cooperation. Your assistance in obtaining the necessary assurances will be appreciated.

Please note that a portion of this material is of Canadian and Australian origin.

Sincerely,

Dear Ms. Wright:

I attach for your kind consideration an application to export uranium as uranium hexafluoride to Korea for use as fuel in the Young-Kwang Unit 1 nuclear power station owned by the Korea Electric Power Corporation.

As the application states, the countries of origin for the source material are the U.S.A., Canada and Australia. We are awaiting further advice from the U.S. Department of Energy (DOE) on the percentage of source material from each country of origin and will advise you promptly following notification from DOE.

Please do not hesitate to contact me should you require any additional information in connection with this request.

Sincerely,

W.H. Fisk
Vice President, International
