License No. 22-13585-02G  
License No. 22-13585-03

Gentlemen:

This refers to the special safety inspection conducted by Mr. C. T. Oberg of this office on July 28, 1982, of activities authorized by NRC Byproduct Material Licenses No. 22-13585-02G and No. 22-13585-03 and to the discussion of our findings with Mr. E. F. Knutsen at the conclusion of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

In addition to the above areas, the inspector examined actions described in your letter dated March 31, 1982, regarding apparent items of noncompliance found during our December 17, 1980 inspection. We have no further questions regarding Item 2 for License No. 22-13585-02G and the item of noncompliance for License No. 22-13585-03.

During this inspection, certain of your activities under License No. 22-13585-02G appeared to be in noncompliance with NRC requirements, as specified in the enclosed Appendix. A written response is required.

No items of noncompliance with NRC requirements were identified for License No. 22-13585-03 during the course of this inspection.

The responses directed by this letter (and the accompanying Notice) are not subject to the clearance procedures of the Office of Management and Budget as required by the Paperwork Reduction Act of 1980, PL 96-511.
