

COMMITTEE ON INTERIOR AND INSULAR AFFAIRS
U.S. HOUSE OF REPRESENTATIVES
WASHINGTON, DC 20515

June 5, 1991

Honorable Kenneth Carr
Chairman
United States Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Chairman:

I am writing in regard to the NRC staff's ongoing activities with respect to welds at the Seabrook station.

I request that you direct an appropriate NRC official to report promptly to the Subcommittee all findings of potential discrepancies in weld records, whether such findings be made by the NRC or by the licensee. Such findings should include but not be limited to indications of improper radiographic technique and indications of weld defects which had not been previously identified and/or analyzed.

Thank you for your assistance.

Sincerely,

Peter H. Kostmayer
Chairman
Subcommittee on Energy
and the Environment
